HSC OP: 77.08, Student Travel Policy

AUTHORITY: This policy is required by Section 51.950 of the Texas Education Code.

PURPOSE: This policy regulates any travel undertaken by one or more students presently enrolled at TTUHSC to an activity or event that is located more than 25 miles from the campus of TTUHSC. This operating policy applies to any event or activity which is organized, sponsored and/or funded by TTUHSC, is undertaken using a vehicle owned or leased by the TTUHSC or is a required event or activity by a student organization registered at TTUHSC.

Modes of travel by students to events or activities as defined above include:

1. personally-owned vehicles;
2. commercial vehicles, including but not limited to rental cars, vans, chartered buses;
3. commercial airlines; and,
4. use of TTUHSC-owned vehicle.

The purpose of this policy is to help minimize the risks of liability connected with motor vehicle travel by TTUHSC faculty, staff and students. The policy applies to the use of motor vehicles in any activities directly related to the academic, research, and/or administrative responsibility of the department involved. This policy also applies to travel undertaken by one or more students presently enrolled at TTUHSC to reach a university-related activity located more than 25 miles from TTUHSC. It applies to travel required by a registered student organization. This HSC OP does not create a claim or cause of action against TTUHSC or its employees, and TTUHSC retains all defenses to any such action including, but not limited to, sovereign immunity.

REVIEW: This OP will be reviewed on July 1 of each even-numbered year (ENY) by the Asst. Vice President of Student Services, Directors of Payment Services and General Services, and the Senior Associate General Counsel, with recommendations for revision forwarded to the Vice President and Chief Financial Officer and the Senior Vice President for Academic Affairs by August 1.

POLICY/PROCEDURE:

   a. Student.
      A Student is anyone eligible to hold a current student identification card.
   b. Sponsor.
      The sponsor of a student activity is selected by the organization from faculty or full-time staff members who have been employed by the TTUHSC for at least one year.
   c. Authorized Passenger.
      Any employees, sponsors, students, or prospective students being recruited to participate in specific TTUHSC program or activity. In all such cases, reasonable efforts shall be made by the responsible department to ensure that each participate executes a release and hold harmless agreement.
d. TTUHSC-Related Activities.
TTUHSC-related activities are those activities that are consistent with TTUHSC’s mission and that are approved by the appropriate administrative unit. This includes activities organized or sponsored by TTUHSC, funded by TTUHSC, and using vehicles owned, rented, leased by, or loaned to, TTUHSC.

2. Travel Using TTUHSC-Owned Vehicles.

a. Appropriate Use.
Only persons who are acting within the course and scope of university-related activities are permitted to use TTUHSC vehicles, owned, rented, leased by, or loaned to, the system or its components.

b. Drivers.
Because of the risks of personal injury, it is required that only those persons whose names appear on the approved driver’s list be asked or allowed to use any motor vehicle owned, rented, leased by, or loaned to, the system or its components. To request a driver be considered for approval and addition to the approved drivers list, the following are required:

   (1) The requesting department or unit must submit a completed request through the Texas Tech Vehicle Operating System (https://apps.texastech.edu/vos/). The request must include an attached copy of the Texas Tech University System Driver Approval Request form (see Attachment C) and a copy of the driver’s current license.

   (2) Qualifications for drivers of all motor vehicles owned, rented, leased by, or loaned to, the system or its components are as follows:

      (a) Must have a valid (Texas or other U.S. state or District of Columbia) driver’s license, be at least 18 years of age and have a valid license for at least two years. The two-year experience requirement may be satisfied by providing an English translation of the official driving record, or the equivalent thereof, from the individual’s home country;

      (b) Must comply with driver record check requirements on an annual basis. The driver record will reflect the driver’s three year driving history and will be ordered from the appropriate U.S. or State agency;

      (c) Must achieve an “approved” status using the Driver Rating Evaluation Form;

      (d) Are required to report any driving violations to their immediate supervisor within five days of the occurrence. This includes violations that occur while driving a vehicle not owned, rented, leased by, or loaned to, the TTUHSC;

      (e) Must not have had any convictions for driving while intoxicated, driving under the influence of alcohol or drugs, or reckless driving in the five years immediately preceding the date of the Driver Approval Request;

      (f) Must not have had a reinstated license in effect for less than one year after a revocation;

      (g) Must not have a suspended license; and

      (h) Must be able to provide documentation of current personal automobile liability insurance.

   (3) Additional qualifications for drivers of vans equipped for 15 passengers:

      (a) Must be at least 20 years of age and held a valid license, as defined in (2)(a) for at least two years;

      (b) Must successfully complete a 15-Passenger Van driver training course;

      (c) Must complete 15-Passenger Van driver retraining annually;

      (d) Must not have more than one moving violation in the last 18 months; and

      (e) Must successfully have an annual drug screen; and
(f) Must complete the “15-Passenger Inspection Checklist” for each trip. The inspection checklist should be kept in the vehicle glove box for the duration of the trip.

3. **Operator Conduct.**

Any operator of a TTUHSC vehicle must take a 15-minute break every 3 hours and may drive no more than 10 hours in a 24-hour period. When the vehicle driven is a van with passengers, a second person must remain awake at all times and must ride in the front passenger seat.

a. Those that operate a TTUHSC vehicle represent TTUHSC to the general public. The image conveyed does affect TTUHSC; therefore, an operator:

   (1) DO NOT use TTUHSC vehicles for personal transportation or business;
   (2) DO NOT allow alcoholic beverages or illicit drugs to be consumed or illegally transported in any TTUHSC vehicle;
   (3) DO NOT smoke or allow any passenger to smoke in any TTUHSC vehicle. TTUHSC prohibits tobacco use in a state vehicle.
   (4) DO NOT text message, read or compose emails, or use a handheld cell phone while operating the vehicle. A Bluetooth or other hand-free device is acceptable;
   (5) DO NOT pick up hitchhikers or transport family members or any other unauthorized passenger(s);
   (6) DO NOT allow the vehicle to become unnecessarily dirty and present an unfavorable image to the general public;
   (7) DO NOT allow the number of passengers to exceed the authorized capacity of the vehicle (the capacity of a vehicle can typically be determined by counting the number of available seat belts);
   (8) DO NOT operate the vehicle unless all occupants are wearing the appropriate restraints;
   (9) DO observe all traffic rules and regulations;
   (10) DO drive carefully, safely, and courteously;

b. When a vehicle is damaged through operator misuse or operated by a person under the influence of alcohol or narcotics, the department head is responsible for obtaining a complete statement of the circumstances and a copy of the police report for the appropriate administrative action. Citations, fines and penalties for all parking and traffic violations will be the personal responsibility of the operator.

c. Operators shall use common sense when driving. For road trips of 100 miles or more, driving should be shared, if possible, and frequent breaks should be taken.

4. **Collision Reporting.**

The following procedures should be followed whenever a TTUHSC vehicle is involved in a collision, regardless of the extent of damage:

a. Stop immediately and notify local police so that an official report can document the collision;

b. Take necessary steps to prevent another collision;

c. Contact a doctor, ambulance, or emergency medical team, if necessary. Shall remain with the injured person until help arrives;

d. Obtain names, addresses, or telephone numbers of all witnesses;

e. Provide all required information to the law enforcement officer;

f. Notify the department head or supervisor. If the operator is unable to contact or reach the department head or supervisor, the operator shall contact the Texas Tech Police Department; and

g. Refer to TTUHSC OP 76.34 for the completion of required vehicle accident documentation, summarized in the Vehicle Fleet Management Handbook, Section 1, M.

An operator may be asked to submit to a “for cause” screen in compliance with TTUHSC OP 70.39, Drug-Free Workplace Policy, when there is any accident causing injury to anyone, damage
to property of TTUHSC or others, or when the operator received a traffic citation as a result of an on-the-job motor vehicle accident. If the operator refuses the screen, the individual will be subject to disciplinary action up to and including termination.

**Authorization:**
Employees who drive vehicles owned, rented, leased by, or loaned to, TTUHSC, or have driving listed as one of their functions of TTUHSC employment, must have a current driver record on file with the Texas Tech University System Office of Risk Management. This office may be contacted for information on how to add and delete names on the list of approved drivers.

5. **Travel by Commercial or Charter Aircraft.**

   All students traveling on official TTUHSC business or activities will use only those aircraft and aircraft operators that meet the requirements set forth below. The travel regulations contained in the Texas Appropriations Act and other applicable laws will be followed by TTUHSC.

   TTUHSC will only use aircraft and aircraft operators that are flight worthy and are certified and operate under Subchapters F & G, Parts 91, 119, 121, 125 or 135 as applicable in Chapter 1, Federal Aviation Regulations, 14 Code of Federal Regulations (the “C.F.R.”). In addition all aircraft used pursuant to this provision must be piloted, at a minimum, by pilots that are fully qualified and insured in the aircraft being flown, possessing a commercial pilot certificate with instrument rating.

6. **Travel Using Personal Vehicles.**

   TTUHSC recognizes that individuals occasionally use personal vehicles while engaged in TTUHSC-related activities on campus and in the local area. Because personal automobile insurance will be looked to first in the event of an accident, all persons who use their personal vehicles while conducting university business should be made aware of the possibility of personal liability related to such use. No coverage for personal injuries or property damage is available to students if they drive their personal vehicles on university-related activities as defined hereinabove.

7. **Reimbursement for Costs of Personal Vehicles.**

   Mileage costs related to any significant use of personal vehicles to conduct university-related business may be reimbursed to students upon approval of Department heads. The Office of Student Services should be contacted for additional information.

8. **Use of Personal Vehicles Not Required.**

   No individual shall be required to use a personal vehicle to perform university-related activities, with the exception of travel to and from clinical affiliation sites.

9. **Policy Concerning Use of Personal Vehicles by Students.**

   a. Use of personal vehicles by students to drive to university-related activities is discouraged.

   b. If students use their personal vehicles, and/or transport other students as passengers, they need to be informed in advance that their personal insurance will be primarily responsible for any liability that may arise from such use.

   c. No TTUHSC coverage for personal injuries is available to students if they drive their personal vehicles on university-related activities as defined hereinabove.

10. **Policy Concerning Student Releases and Medical Authorization.**

    Each student who travels by any form of transportation to participate in a university-related activity, including but not limited to an academically-related field trip, course, competition, contest, or non-academic activity, must, prior to such activity, execute a copy of the Student Liability
Release Form (Attachment A) and the Authorization for Emergency Medical Treatment (Attachment B) which are attached to this policy.

11. **International Travel by Students.**

Students traveling abroad for any TTUHSC related reason (e.g., conferences, research, competition, community service, mission work, etc.) in any status (i.e. undergraduate, postgraduate, graduate, supported by scholarships, assistantships, institutional, etc.) must abide and complete the required forms through the Office of Global Health, (see HSC OP 10.29) regarding procedures for Pre-Departure 4.(a), 1; 2 (a-e) and Exit Counseling 5 (1) a-c.

Students are not permitted to travel to a nation that is subject to a Travel Warning issued by the United States Department of State. To determine if a country is the subject of such a travel advisory, contact the Office of International Affairs (OIA) or the U.S. Department of State Office in Washington, DC at 202-647-4000 or through the web at http://travel.state.gov/travel/cis_pa_tw/tw/tw_1764.html. In the event the Department of State issues a travel advisory to which a student will be traveling, OIA will contact the student immediately. If the country has been placed on the Travel Warning list, the student must cancel the trip.

When an emergency occurs, procedures for Planned Response to Emergencies Abroad will be followed (HSC OP 10.29).

12. **Guidelines Concerning Safe Travel Practices.**

a. Each administrative unit approving university-related travel, especially travel that involves students, is encouraged to promulgate guidelines that encourage safe driving and minimize risks of injury during that travel.

b. Registered student organizations are free to make such off-campus trips as are deemed worthwhile by the membership and sponsors of the organization. Participation in such off-campus trips and activities is at the students’ own risk. If personal injury or accident should occur to students or other persons during such activities, TTUHSC will assume no responsibility, financial or otherwise.

c. Faculty and staff sponsors and organization officers are urged to take all possible precautions to ensure the safety and well-being of all persons participating in off-campus activities.

d. There is no official registration procedure for official off-campus trips, and there are no official excused class absences for students who participate in off-campus trips sponsored by student organizations. Students will be responsible for making their own individual arrangements in advance with instructors for class work missed while participating in an off-campus trip. Instructors may set their own requirements for class work missed under such circumstances; they must grant students an opportunity to make up all course work missed while participating in an official off-campus trip.
