

DEPARTMENT OF INTERNAL MEDICINE

Thank you for your interest in our Internal Medicine residency. We are a university-affiliated community-based program that is fully accredited by the Accreditation Council for Graduate Medical Education (ACGME). Our campus also has accredited residencies in Family Medicine, Obstetrics/Gynecology, and Pediatrics. We have third and fourth year medical students as well as students in Pharmacy, Allied Health, and Nursing. We are most interested in residency candidates who have strong academic credentials and who have an interest in clinical medicine and teaching.

American Medical School Graduates:

We participate exclusively in the National Resident Match Program (NRMP) for all U.S. medical school graduates. This includes the couples match.

International Medical Graduates (IMG's):

- We participate in the NRMP for IMG's and only accept applications through the Electronic Residency Application Service (ERAS). We offer a few pre-match contracts to applicants with exceptional test scores and experience. Pre-match contracts are offered to candidates only after an on-site interview.
- We sponsor a limited number of J1-visa's.
- While a recent medical school graduation date is not imperative, recent clinical experience is.
- U.S. clinical experience is preferred, but not required.
- We do not offer externships or observerships.
- We offer couples match if both qualify.
- In general we interview candidates who have United States Medical Licensing Examination (USMLE) Step I and Step II scores over 85 on the first attempt. In recent years most candidates who matched have had USMLE Step I and Step II scores over 90.
- Educational Commission for Foreign Medical Graduates (ECFMG) certification is required before the applicant file is considered complete and able to be ranked for match.

Applications are only accepted through ERAS. The deadline to apply to ERAS is 12/01/11. Once we receive your application, it will be reviewed and you will receive an e-mail on the status of your application. If selected, you will be invited for an interview. Limited interview dates are available. We generally interview in November, December and January. For more information about our program, please go to our website at www.ttuhscc.edu/amarillo/som/im/residency or you may contact us at Residency.AmarilloIM@ttuhscc.edu
