& CARLOS MARTINEZ, EXECUTIVE DIRECTOR OF OLIVE BRANCH MINISTRIES PERU

WEDNESDAY, DECEMBER 7, 2022

12:00 PM - 1:00 PM

ZOOM ([REGISTER HERE](#))

Please join the Office of Global Health as we host a multidisciplinary team that spent a week in small rural communities outside of Piura, Peru in July 2022 in collaboration with Olive Branch Ministries International. Building upon a previous TTUHSC partnership in 2019, the team hosted a medical clinic ran by U.S. and Peruvian health care providers and built a community composting latrine. This presentation will discuss how the work involved building trust and relationships with community partners and community members, as well as long-term plans for sustainable partnerships and future global health trips in the area.

This event is free and open to the public. No RSVP is required. For more information about the lecture series, please contact the Office of Global Health by [email](#) or visit our [website](#).
