Length of Program which includes all student instruction/interaction (including classroom, laboratory, exams, and clinical education). Include the total number of weeks where either full or partial attendance is required.

Length of Program in Weeks excluding breaks:     126    

Length of Program in Weeks including breaks:     154    

**Clinical Education**

Does this program have a requirement for all students to complete at least one clinical education experience for which the students need to seek alternative housing or travel accommodations to attend     Yes       X     No    

Note: Students are responsible for costs associated with housing, travel, and food during clinical education. Programs should add any additional comments about clinical education here.

Multiple clinical experience opportunities are available at each of the three campus cities of our program; however, assignment to those sites is not guaranteed, and it is possible (though not required) that a student would need to attend a full-time clinical experience in a different city. Students have the opportunity to select their top preferred sites/locations for each clinical experience, and a software matching algorithm is used to place all students within the cohort, considering their top choices.
