

# Master of Science in Molecular Pathology

## Molecular Pathology 1<sup>st</sup> Year Textbook List

Fall 2023

### **HPMP 5098 Special Topics**

- No Textbook Required or Recommended

### **HPMP 5309 Human Molecular Genetics - Required**

- Textbook: Genetics in Medicine
- Author(s): Nussbaum, McInnes and Willard
- Publisher: Elsevier
- Edition: 8th
- ISBN: 978-1437706963

### **HPMP 5341 Graduate Research I**

- No Textbook Required or Recommended

### **HPMP 5407 Principles of Molecular Pathology - Required**

- Textbook: Molecular Diagnostics: Fundamentals, Methods and Clinical Applications
- Author(s): Buckingham
- Publisher: F.A. Davis
- Edition: 3rd
- ISBN: 978-0-8036-6829-4

### **HPMP 5805 Applied Molecular Techniques I - Required**

- Textbook: Molecular Diagnostics: Fundamentals, Methods and Clinical Applications
- Author(s): Buckingham
- Publisher: F.A. Davis
- Edition: 3rd
- ISBN: 978-0-8036-6829-4
- Same book as HPMP 5407
