LEADership Program

LEVEL 1 (THE MANAGER-LEADER)

OVERVIEW: The 20-hour TTUHSC LEADership (Leadership Enhancement and Development) Program is designed to provide new supervisors and managers (management) with an introduction to the fundamental management skills needed to effectively carry out their duties while integrating essential leadership qualities desired in all employees. Although the program's emphasis is on new supervisors and managers, it is recommended for all TTUHSC personnel who serve in a management capacity.

PREREQUISITES: To get the most out of the TTUHSC LEADership Level 1 Program, individuals attending should be serving in a management capacity or preparing to assume management responsibilities within 6-months from date of enrollment. Individuals wishing to attend the LEADership program will also be expected to:

- Receive departmental approval before enrolling.
- Complete Modules 1-6 in sequence, as well as the comprehensive online assessment.
- Be committed to not only completing the program, but to applying the principles learned in the daily execution of their management duties at TTUHSC.

PROGRAM COMPLETION: A certificate of completion will be awarded upon the successful completion of Modules 1-6 and the comprehensive online assessment.
