LEADership Program

TTUHSC LEADERSHIP LEVEL 2 – THE INFLUENTIAL LEADER

Program Overview: This is a six week advanced level leadership program consisting of 14 classroom hours, as well as additional developmental activities and a group project to be assigned during the course of the program. 100% attendance is required. In addition, full supervisory support will be necessary for the employee's success in the program. Participants of the program, "The Influential Leader," will identify the five levels of leadership that helps them understand and develop their leadership growth. Throughout the six modules, they will learn the principles leaders can use to bring value and influence anywhere within TTUHSC. This will enable supervisors to lead up, lead across, and lead down. Once these principles are incorporated into their leadership style, they will be able to influence others on every level.
