The United States Postal Service (USPS) responsibility ends with completion of delivery to the authorized agent, Texas Tech University Health Sciences Center (TTUHSC) Mail Services. TTUHSC Mail Services is responsible for distributing incoming mail and processing outgoing mail by applying the appropriate amount of postage to official state outgoing mail. Mail services are provided for official state business only. The rental, purchase, or use of postage equipment or software technology for the affixing of postage is restricted to the responsibility of TTUHSC Mail Services. The use of university funds for personal mail is strictly prohibited. TTUHSC Mail Services is the only department authorized to function as permit holder and signature authority for first class, marketing (standard or bulk) mail, and business reply permits.

A. Departmental Delivery and Pick-up. TTUHSC Mail Services will provide scheduled delivery/pick-ups to one location per STOP number. The departments are then responsible for internal distribution of the mail. The departments are also responsible for providing suitable mail-in and mail-out baskets. Mail Services must approve the delivery/pick-up basket location. USPS delivers direct to most off-site locations.

B. Mail Stops - Lubbock. Requests to discontinue a mail STOP or change a delivery location may be accomplished through a memorandum to the Manager of Mail Services, STOP 9415. To establish a new mail STOP, please complete the New STOP Request Form http://www.ttuhsc.edu/gs/mail/documents/STOP_Number_Requisition1.pdf. Upon approval, the department/activity will be notified of the four-digit number assigned as well as pertinent delivery information.

C. Campus Mail. The campus inter-office mail system is a restricted state service. It is not available for the personal use or private gain by non-university groups for the advertisement of non-university sponsored programs.

An officer or employee may not knowingly use or authorize the use of the internal mail system for the distribution of political advertising. Any violation of this law (Election Code, Sec. 255.0031) is an offense (Class A misdemeanor).

D. Outgoing Mail. For outgoing U.S. Mail requiring postage, the FOP must be legibly written, typed, or printed in the upper left corner of the envelope or parcel, or the item will be returned to the sender. In Abilene, outgoing mail should contain the assigned department code in Lieu of a FOP. Only the top envelope of a secured bundle requires a visible FOP. Contact Mail Services for additional information on USPS Guidelines, including services such as certified, return receipt and/or insurance. Department name and STOP must be on all receipts that will be returned with a round date from the U. S.
Postal Service. Use of university postage for personal reasons or by non-official entities is prohibited. TTUHSC must ensure that all mail being submitted for dispatch is of an official nature. Therefore, all mail requiring postage and not bearing a valid official university return address will be returned to the sender for correction.

Mail Services may return mail to the department with an inadequate mail preparation form notifying the department of corrective action to be taken regarding incorrect preparation. TTUHSC Mail Services will not be responsible for inaccurate postage applied to mail due to improper preparation.

E. **International Mail.** For outgoing international mail, contact Mail Services for current USPS regulations and customs information. USPS customs forms must be completed online: [https://cns.usps.com/cfo-web/labelInformation.shtml](https://cns.usps.com/cfo-web/labelInformation.shtml).

F. **Hazardous Materials/Dangerous Goods (HM/DG) Shipments.** Departments and individuals wanting to mail/transport HM/DG are affected by HM/DG regulations. **Training is required to legally package and ship any HM/DG.** Departments and individuals are encouraged to review HSC OP 75.13, Shipment of Hazardous and Infectious Materials, and contact Safety Services before preparing any HM/DG for transportation.

G. **Non-Deliverable Mail.** The department head responsible for mail services, or designee, is authorized to open and distribute, or return unidentified or otherwise non-deliverable mail. Unidentified mail is mail that does not have any of the following information in the addressee line or the information is not valid:

- Department Name,
- Intended Recipient's Name,
- or STOP.

Unidentified mail that is marked "Personal" and/or "Confidential", or the intended recipient is unknown, will be returned unopened to the sender.

H. **Forwarding First-Class Mail.** The department is responsible for forwarding non-departmental business mail to former employees. First class and periodical mail is forwardable; bulk mail is forwardable only if it bears a USPS-approved move update endorsement. All other mail is considered undeliverable by the USPS and may be disposed of as waste. Unopened mail may be forwarded without additional postage. If the mail has been opened, the USPS will require additional postage for forwarding. The addressee's department will be charged for the expense.

I. **Ownership of Mail / Opening of Mail by Departments.** The ownership of mail addressed to this institution or to an individual by name or title at the address of this institution rests with TTUHSC. The legal obligation of the USPS ends with mail delivery to TTUHSC Mail Services. TTUHSC Mail Services is restricted for official state business use; therefore, personal mail should not be directed to this institution. Incoming U. S. mail will be delivered by TTUHSC Mail Services to the respective department. Mail Services will not separate the mail for an individual in lieu of delivery to the appropriate department. The department from this point on is responsible for the delivery and/or opening of mail. The department chairperson or department head may decide proper procedures for handling incoming mail within their department. It is recommended that items marked “personal” and/or “confidential” be forwarded to the addressee unopened.

The *United States Postal Service Domestic Mail Manual*, regulation DO42.41 states, “If disagreement arises where any such mail should be delivered, it must be delivered under the order of the organization’s president or equivalent official.” The TTUHSC President or the appropriate TTUHSC Vice President or Dean shall have the authority to designate a change in delivery destination by memorandum to the Director of General Services.
J. **Postage Due Mail.** It is the policy of TTUHSC to accept postage due charges on mail with insufficient postage. The appropriate departmental FOP will be charged.

K. **Business Reply Mail.** Lubbock Mail Services has access to a business reply permit for TTUHSC activities requiring the use of this type of postage. Improperly designed business reply mail incurs higher postage rates. Proper templates may be obtained through the Lubbock HSC Printing Center.

L. **Permit Imprint Mailings.** TTUHSC–Lubbock is authorized by the U.S. Postal Service to mail non-profit, first-class or marketing mail utilizing permit #68 as follows:

- Before using an existing printed piece, the Mail Service must check for compliance with USPS regulations, authorize use of the permit and confirm that the Permit 68 funds balance is adequate for the cost of the mailing.
- During the design of a new printed piece, departments must bring in a final draft of the mailing before production begins. The TTUHSC Mail Service will check the mailing for compliance with USPS regulations. If the piece meets eligibility requirements, the Mail Service will authorize use of the permit; if not, suggestions will be made for compliance or information about correct mailing rates will be given.
- If a department uses Permit 68 for a mailing and does not use TTUHSC services for printing and/or addressing services, a permit use fee will be charged if not pre-qualified before submission for mailing.
- An authorization to mail at the Nonprofit Marketing (Standard) Mail rates is a privilege reserved by law to authorized organizations. Civil and criminal penalties apply to false, fictitious or fraudulent statements made in connection with a Nonprofit Marketing Mail mailing.
