

Ours is a story started out of necessity. West Texas needed doctors; Texas Tech University Health Sciences Center not only answered that call, but we've gone above and beyond by educating future physicians along with health professionals in multiple disciplines. We are now graduating the most health care professionals annually in the state, and our alumni are in leadership positions teaching the next generation of providers as well as influencing policy and providing exceptional care.

We have accomplished much, but we're also just beginning.

Through the President's Circle, we have the opportunity to realize our true potential. Your membership will support new initiatives enriching our academic and research efforts and enhancing our impact on the health of those who live in the communities we serve. And in doing so, we know our impact will also be felt around the world.

Thank you for helping establish this incredible university and ensure its solid foundation. I'm grateful for your commitment to date and look forward to our partnership in TTUHSC's tomorrow.

Warmest regards,

Tedd L. Mitchell, M.D.
