Erik attended the SCAMeL Disaster Advisory Committee Meeting in mid February.

Mini-Summit in Lubbock suggested for June 14th, Thursday afternoon.

In the COOP/TTUSReady system, we have 7 green lights, 4 yellow lights, and 4 red lights. The 2nd review will be March 26th. Notes by reviewer are revealed if the traffic light is clicked. Continue working on this.

Section updates: we need to add maps distinguishing where fire extinguishers and alarms are.

Annual reviews of Disaster Prep document will be necessary.

There will not be a meeting before mini-summit.

Peggy Edwards is stepping down from the committee.
