TEXAS TECH UNIVERSITY HEALTH SCIENCES CENTER
AT THE PERMIAN BASIN FACULTY AND RESIDENTS SELECTED FOR MULTIPLE
PRESENTATIONS AT INTERNATIONAL CONFERENCE

ODESSA, TX - Peter Valenzuela, M.D., M.B.A., chair of Family Medicine at Texas Tech University Health Sciences Center at the Permian Basin (TTUHSC-PB), has announced that faculty and residents from the Department of Family Medicine the Permian Basin campus have been selected as international presenters at the annual conference of the North American Primary Care Research Group to be held November 15 – 19 in Rio Grande, PR.

According to Valenzuela, “Most primary care programs are fortunate to get one acceptance to this conference. The fact that we had four presentations submitted and accepted speaks volumes of the hard work and dedication of our faculty and residents in fulfilling the mission of research and scholarly activity.”

The following were accepted for presentation:

The Incidence of Gastrointestinal Bleeding Among Patients on Warfarin at the TTUHSC Permian Basin Family Medicine Clinic. International Poster Presentation. Ong M, Valenzuela P.

Language Discordance Between Physicians and Hispanic Diabetic Patients: Its Effect On Glycemic and Lipid Control. International Poster Presentation. Goyle V, Vaddireddy V, Akbar S, Islam J.

Medical Center Hospital Adherence with American College of Cardiology/American Heart Association Guidelines for the Management of Acute Myocardial Infarction. International Poster Presentation. Usher E, Catalasan R, Nathaini V, Islam J.

Creating and Implementing a Multi-Disciplinary Practice Management Curriculum for Primary Care Residencies. International Poster Presentation. Valenzuela P.
