<td>○ SLO’s communicate expected student results, not instructor behaviors/learning activities; reflect an appropriate scope of knowledge, skills/abilities, and attitudes at the program level, not course level; use concrete, action verbs that are measureable; AND are aligned appropriately with TTUHSC strategic plan objectives.</td>
<td>○ SLO’s communicate expected student results, not instructor behaviors/learning activities; may address a limited or overly detailed scope of knowledge, skills/abilities, and attitudes; use mostly concrete, action verbs that are measureable; AND/OR are aligned with too few/ too many TTUHSC strategic plan objectives.</td>
<td>○ SLO’s communicate limited student results and focus primarily on instructor behaviors/learning activities; may address a limited or overly detailed scope of knowledge, skills/abilities, and attitudes; use limited concrete, action verbs that are measureable; AND/OR may not be aligned with TTUHSC strategic plan objectives.</td>

<tr>
<td>Findings</td>
<td>○ Findings describe outcomes in terms of the stated achievement targets and provide specific, yet objective, information about student performance. The context for each finding is provided, if relevant. Findings are marked appropriately as Met, Partially Met, Not Met, or Not Reported This Cycle.</td>
<td>○ Findings describe outcomes in terms of the stated achievement targets and provide specific information about student performance. Findings are largely objective but may contain some subjective comments. If relevant, the context for findings is incomplete. They are marked appropriately as Met, Partially Met, Not Met, or Not Reported This Cycle.</td>
<td>○ Findings do not describe outcomes in terms of the stated achievement targets. The context is not provided for some findings, if relevant. Findings are not marked appropriately as Met, Partially Met, Not Met, or Not Reported This Cycle.</td>

<tr>
<td>Analysis</td>
<td>○ Responses describe strategies that were implemented to improve previous year’s findings marked as Partially Met or Not Met. Responses describe proposed continuous improvement strategies for current year’s findings. Additional information is provided about the program’s achievements. Overall, responses are thoughtful and well-written.</td>
<td>○ Responses describe strategies that were implemented to improve previous year’s findings marked as Partially Met or Not Met. Responses describe proposed continuous improvement strategies for current year’s findings. Additional information is provided about the program’s achievements. Overall, responses are thoughtful but may contain some problems with grammar/usage/mechanics.</td>
<td>○ Responses describe strategies that were implemented to improve some of the previous year’s findings marked as Partially Met or Not Met. Responses describe proposed continuous improvement strategies for some of the current year’s findings. Minimal information is provided about the program’s achievements. Overall, responses lack substance and may contain many problems with grammar/usage/mechanics.</td>
