Weekly Update - June 2, 2014

How many people remember who won Teacher or Teaching Team of the year award several years ago? If the answer is "not many" isn't that a shame? This is part of our school's story. After this year's Recognizing Excellence awards program, it occurred to us that our website would be a great place to include this history. So we have made another update to the Academic Information webpage. It still looks basically the same but we have added a header at the top of the page reading:

---

CELEBRATE TEACHING EXCELLENCE

---

Please join us in congratulating our **Teachers, Teaching Teams and Preceptors of the Year!**

On the website itself, this header includes an active hyperlink that will direct the viewer to the bottom of our page. Here, there is a table, to which we can add from year to year, that includes all the current and recent past recipients of these awards. We have data from 2011 forward, but we can expand backwards too if we can get the data.

Congratulations once again to all those who have been recognized.

Thank you!
