“Minding the Brain”
a Continuing Education Symposium
Dedicated to Mental and Neurological Health

January 27-28, 2012 in Dallas

Visit us online at www.ttuhscc.edu/sop/continuinged.

This knowledge-based program is for pharmacists who wish to obtain more information and treatment options for Depression, Dementia, Headaches & Migraines, Bi-Polar Disorder, Schizophrenia, ADHD, & precepting. This symposium is worth a total of 10 contact hours.

OBJECTIVES

Precepting & Mentoring: Are they the same?

ACPE UAN: 0096-0000-11-053-L04-P (0.3 CEUs)

- Compare the role of mentoring and precepting
- Describe the characteristics of a good preceptor and mentor.
- Discuss the challenges to an effective preceptor and mentor relationship.
- Apply effective precepting and mentoring skills using specific examples
- Review the available resources to assist in the precepting and mentoring process.

ADHD: A “Stimulating” Update

ACPE UAN: 0096-0000-11-052-L01-P (0.1 CEUs)

- Describe recent updates to the American Academy of Pediatrics (AAP) ADHD Clinical Practice Guidelines
- Review DSM-IV criteria for the diagnosis of ADHD
- Recommend the appropriate treatment approach for a child with ADHD
- Compare and contrast currently available stimulant and non-stimulant medications

Types of Dementia and Treatment Options

ACPE UAN: 0096-0000-11-051-L01-P (0.15 CEUs)

- Describe the pathophysiology of different types of dementia
- Identify appropriate treatment options for specific types of dementia
- Discuss the role of high dose donepezil and memantine
- Recommend a pharmacotherapeutic plan for the management of dementia

Assessment and Treatment Options for Headaches & Migraines

ACPE UAN: 0096-0000-11-048-L01-P (0.1 CEUs)

- Identify the differences between a headache and migraine
- List the common symptoms attributed to migraines
- Identify the risk factors for developing migraines
- Explain the pathophysiology of chronic migraines
- Discuss remedies & treatment options

Assessment and Treatment Options for Depression

ACPE UAN: 0096-0000-11-047-L01-P (0.15 CEUs)

- Identify the signs and symptoms
- Discuss options for depression screening
- Identify appropriate pharmacotherapy options based on a patient case
- Recommend treatment options for refractory cases

Assessment and Treatment Options for Bi-Polar Disorder

ACPE UAN: 0096-0000-11-049-L01-P (0.1 CEUs)

- Discuss the theories behind the pathophysiology of Bipolar Disorder
- Identify the signs and symptoms
- Discuss different phases of the disorder
- Discuss the pros and cons of using atypical antipsychotics in the treatment of this disorder

Assessment and Treatment Options for Schizophrenia

ACPE UAN: 0096-0000-11-050-L01-P (0.1 CEUs)

- List the risk factors
- Identify different types of schizophrenia
- Discuss the pathophysiology of schizophrenia
- Discuss the symptoms of schizophrenia
- Discuss the treatment options
