

AWARDS/SCHOLARSHIPS/FELLOWSHIPS For Graduate Students

Sponsoring Organization/Title of Award	Amount	Deadline Date	Eligibility*
American Association for Cancer Research - Scholar-in-Training Awards – Special Conferences – Travel award	\$400 - \$1400	Varies with conference	Must submit abstract; attend AACR conference.
Minority Access to Research Careers – Travel Awards For Scientific Meetings & Conferences (Poster/Platform Presenter Award)	Vary with conference	Varies	Must be qualified ethnic minority and US citizen or permanent resident who resides in US or US territories; must be first author on abstract.
AHA Council on Arteriosclerosis, Thrombosis and Vascular Biology - ATVB Travel Awards for Young Investigators	\$1000	01/11	Member of AHA; working in any area of research concerned with arteriosclerosis, thrombosis or vascular biology; attend ATVB Annual Conference.
AHA Women’s Leadership Committee of the Council On Arteriosclerosis, Thrombosis and Vascular Biology – Junior Investigator Award For Women	\$1000	01/11	Females Only; training in 1 or more ATVB fields; 1st author of abstract; working in any area of research concerned with arteriosclerosis, thrombosis or vascular biology; attend ATVB Annual Conference.
Department of Defense - National Defense Science and Engineering Graduate Fellowship	Three year fellowship with annual stipend of \$30,000	01/11	Must be US citizen or native resident of US possession; must have completed no more than the equivalent of one year of academic full-time graduate study as a part-time or full-time student.
Association for Women in Science (AWIS) – Predoctoral Awards	\$1000	01/11	Female student pursuing a course in behavioral, life, physical or social science, and engineering which may culminate in the student acquiring a PhD.
Colgate-Palmolive Grants/Society of Toxicology - Colgate-Palmolive Grants for Alternative Research	\$3500	2/15/10	Student member of SOT. Training must involve in vitro or ex vivo methods or alternative techniques to reduce, replace or refine the use of animals in toxicological research.
AHA/ASA Scientific Councils – Student Scholarships in Cardiovascular Disease and Stroke	\$2000	03/11	Multiple scholarships available; applicant & preceptor must be member of AHA/ASA; for work on a project either in a block of several months or longer (minimum full-time commitment is 2 months over summer months).
American Foundation for Pharmaceutical Education - Minority Student Pre-Doctoral Fellowship Program	\$6000	03/11	African-American and/or Hispanic students; must have completed at least 3 semesters of graduate study & have not more than 3 years remaining; US citizen or permanent resident.
American Foundation for Pharmaceutical Education – AFPE Pre-Doctoral Fellowships in the Pharmaceutical Sciences	\$6000	03/11	Must have completed at least 3 semesters of graduate study & have not more than 3 years remaining; US citizen or permanent resident.

<u>Epilepsy Foundation – Health Sciences Student Fellowship</u>	\$3000 Stipend	03/11	Pursue career in epilepsy in either research or practice setting; may be accepted at any point in their schooling- following acceptance but before beginning the first year or in the period immediately following their final year.
<u>AHA - Stroke Council – Student Scholarships in Cerebrovascular Disease</u>	\$2000	03/11	Multiple scholarships available; applicant & preceptor must be member of AHA/ASA; for work on a project either in a block of several months or longer (minimum full-time commitment is 2 months over summer months).
<u>Minority Access to Research Careers(MARC)/ Federation of American Societies for Experimental Biology (FASEB) – Summer Research Conferences</u>	Travel Award Varies with conference	05/10 – 08/10 Differing deadlines	Must be full-time underrepresented minority; US citizen or permanent resident; 3-4 day conferences
<u>Biophysical Society – Margaret Oakley Dayhoff Award</u>	\$2000	05/10	Women only; member of Biophysical Society; has achieved prominence while developing the early stages of a career in biophysical research.
<u>National Institute of Neurological Disorders & Stroke – Neuroscience Scholars Program</u>	Annual stipend for enrichment activities outside TTUHSC	5/21/10	US citizen or permanent resident; must be from underrepresented racial or ethnic group, disabled or from disadvantaged background; attend Society for Neuroscience annual meeting.
<u>International Pharmaceutical Excipient Council of The Americas Foundation – 2010 Excipient Graduate Student Awards</u>	Varies	5/31/10	Attend AAPS Annual Meeting; awards focus on recent significant contributions to formulation science and technology with excipients brought about by highly innovative research.
<u>Society for Neuroscience/Eli Lilly & Co – Chapters Graduate Student Travel Awards</u>	Registration & travel stipend	06/10	1 st author of abstract to be presented at annual Society for Neuroscience advisor must be SfN member.
<u>Society for Neuroscience/Eli Lilly & Co. – Graduate Student Travel Awards</u>	Registration & travel stipend	06/10	1 st author of abstract to be presented at annual Society for Neuroscience; advisor must be SfN member.
<u>Colgate-Palmolive Grants/Society of Toxicology - Colgate-Palmolive Grants for Alternative Research</u>	\$3500	6/15/10	Student member of SOT. Training must involve in vitro or ex vivo methods or alternative techniques to reduce, replace or refine the use of animals in toxicological research.
<u>AHA Council on Cardiopulmonary, Perioperative and Critical Care – CPC Junior Investigator Travel Stipends</u>	\$500	06/10-abstract/ 08/10-application	Member of AHA/ASA (at least 1 week prior to deadline); attend Scientific Sessions
<u>AHA Council on Cardiovascular Radiology and Intervention – CVRI Early Career Investigator Travel Stipends to Scientific Sessions</u>	\$1500	06/10-abstract/ 08/10-application	Member of AHA/ASA (at least 1 week prior to deadline); active in cardiovascular radiology and/or intervention research; attend Scientific Sessions
<u>GSBS Scholarship – Mary Lou Clements – Mann Endowed Scholarship</u>	Up to \$500	07/05/10	Field of study within Infectious diseases, immunology or cancer

<u>GSBS Scholarship – Dean’s Scholars Program</u>	\$5000	When available	Incoming and current GSBS Students
<u>National Science Foundation Graduate Research Fellowship Program</u>	Annual stipend of \$30,000; \$10,500 cost of education allowance x 3 years	8/10 thru mid 11/10	U.S. Citizen, U.S. national or permanent resident; pursuing research-focused MS or Ph.D. program in NSF-supported field during funded years; have completed no more than 12 mo of full time graduate study or equivalent
<u>AHA Council on Basic Cardiovascular Sciences – Basic Cardiovascular Science Minority Travel Grant to Scientific Sessions</u>	\$750	No information available for 2010	Must be a minority by standard NIH definition; must be US citizen or permanent resident; attend AHA Scientific Sessions 2009, 11/13-17, 2010; must be conducting basic scientific research in cardiovascular disease.
<u>Epilepsy Foundation – Predoctoral Research Training Fellowship-Dissertation Research Related to Epilepsy</u>	\$20,000	No information available for 2010	Must be matriculating with an academic career focus.
<u>The PhRMA Foundation – PhRMA Pharmaceuticals- Predoctoral Fellowship</u>	\$20,000	Pharmacology & Toxicology 09/1/10 Pharmaceutics 10/1/10	Complete PhD in Pharmaceutics (pharmacology/toxicology; informatics; clinical pharmacology; pharmaceutics) in 2 years or less from time fellowship begins; US citizen or permanent resident.
<u>The Office of Science Graduate Fellowship Program – U.S. Department of Energy</u>	Yearly stipend of \$35,000 for living expenses; up to \$10,500 for tuition fees; \$5000 for research stipend.	9/30/10 opens; Due 11/30/10	U.S. Citizen. Fellowships begin in fall. First or second year graduate student in Master’s or Ph.D. program.
<u>Colgate-Palmolive Grants/Society of Toxicology - Colgate-Palmolive Grants for Alternative Research</u>	\$3500	10/09/10	Student member of SOT. Training must involve in vitro or ex vivo methods or alternative techniques to reduce, replace or refine the use of animals in toxicological research.
<u>Society of Toxicology – Graduate Student Fellowship Novartis Award – Toxicology</u>	Cash stipend, tuition payment, travel	10/09/10	In toxicology program; major professor must be SOT member; must be advanced to candidacy at time of application; attend annual meeting.
<u>Ford Foundation Predoctoral Fellowships for Achieving Excellence in College & University Teaching</u>	\$20,000 annual	11/02/10	Committed to a career in teaching & research at the college or university level; enrolled or planning to enroll in research-based PhD program; US citizen or national; attend Conference of Ford Fellows.
<u>American Association for Cancer Research – Women In Cancer Research Scholar Award Program</u>	Travel grant	12/1/10	Women only; must be member of Women in Cancer Research; must be 1st authors on abstracts submitted for consideration for presentation at AACR Annual Meeting.
<u>American Association for Cancer Research – Minority</u>	Travel award	12 for annual	Citizen or permanent resident of US or Canada; must be

<u>Scholar in Cancer Research Awards; For Annual Meeting and Special Conferences</u>		Varies for other	part of a minority group; attend AACR Annual Meeting and/or Special Conferences.
<u>American Association for Cancer Research - GlaxoSmithKline Clinical Cancer Research Scholar Awards – Travel grant for Annual Meeting and Special Conferences</u>	\$4000 Over 2 years	12 for annual Varies for other	First author and presenter of highly meritorious proffered paper in clinical cancer research; attend AACR Annual Meeting.
<u>American Society for Pharmacology & Experimental Therapeutics – Travel Award to Experimental Biology '10</u>	\$600 Student Registration Fee	12/10	Full time student in pharmacology or engaged in doctoral research in pharmacology who will not have completed degree requirements by 5/1/11; member of ASPET; 1 st & presenting author of abstract submitted for EB '11.

*Unless otherwise mentioned, all awards/scholarships are available for pre-doctoral students at all levels.

Pink – Women only

Light Blue – Minorities only/US citizen. NOTE: Minority groups are defined as being traditionally underrepresented in science fields and include: African Americans, Alaskan Natives, Hispanics, Native Americans, and Native Pacific Islanders. Some awards also include disabled and disadvantaged backgrounds.

Red – US citizen or permanent resident only

Green – 1st year of PhD
