

Texas Tech University Health Sciences Center

Office of Student Services
3601 4th Street MS 8310
Lubbock, Texas 79430

Each year . . .

Texas Tech University Health Sciences Center receives applications for admission from around the world. Of those highly qualified applicants, only a very select group is admitted for enrollment and, in time, meets the requirements to receive their degrees. Those who remain on track to achieve that goal can be deservedly proud.

We are pleased to offer the one symbol that truly recognizes that accomplishment — *The Official Texas Tech University Health Sciences Center Ring*. Information about the Official Ring is being sent to qualified students as well as their families.

Our ring pictured within this announcement is unique. It is the only ring of the Texas Tech University Health Sciences Center and is copyrighted to protect it from duplication. The design of the Official Ring will not change — it is the one common bond between those who will graduate this year and in years to come. It is reserved exclusively for those students who have achieved senior year standing.

The ring will be made in your choice of 10K or 14K solid yellow or white gold. 18K yellow or white gold may also be available. Please contact Balfour for pricing. The ring is also available with a pavé setting featuring either cubic zirconia or diamonds. Balfour, the ring supplier, provides an interest-free monthly installment plan.

Balfour guarantees your satisfaction. Your purchase is protected by a lifetime warranty that also includes free resizing, cleaning and polishing.

Those ordering a ring will receive a personal invitation to a special reception held in your honor. Invitations will be sent out nearer to the event.

We invite you to be part of the tradition.

Cordially,

Margret G. Duran
Director of Student Services

The ring—a world of meaning.

Each ring symbolically captures the essence of Texas Tech with the prominent Double T standing proud, surrounded by the university’s full name and date of foundation. On one side of the ring you will find the Administration Building, with the bells that represent victory. Represented on the other side is the Texas Tech University Health Sciences Center seal, which features the American eagle, perched above a book—church; a star—the State of Texas; a key—home; and a lamp—knowledge. These elements are separated by a cross featuring ten cotton bolls representing Lubbock and its surrounding nine cotton-producing counties. The ring would not be complete without the appearance of the Masked Rider!

Inside each Official Ring is forged STRIVE FOR HONOR. This inscription is from “The Matador Song” and serves as a charge to every Texas Tech graduate to excel with integrity in all endeavors. The inside of the ring is engraved with the recipient’s initials, degree and class year.

The ring is made in a choice of 10K or 14K solid yellow or white gold. 18K yellow or white gold may also be available. Please contact Balfour for pricing. The ring is available with or without diamonds or zirconias. Balfour, the ring supplier, provides an interest-free monthly installment plan. Balfour guarantees your satisfaction. Your purchase is protected by a lifetime warranty that also includes free resizing, cleaning and polishing.

The Texas Tech Health Sciences Center Tradition

Traditionally, seniors wear their official class rings with the university name facing them when their hands are extended. The ring is worn in this manner until the Commencement Day. Once the degree is granted, the ring is turned around so that the Double T faces outward – symbolic of the fact that with a Texas Tech University Health Sciences Center diploma in hand, the newest alumnus is ready to face the world.

The Official Texas Tech University Health Sciences Center Ring

A private invitation to acquire the only ring
of the Texas Tech University Health Sciences Center.

Issued by the Texas Tech University
Health Sciences Center Office of Student Services.

Available exclusively to students
who have achieved senior year standing.

Men's and women's traditional rings pictured above. Women's signet ring pictured in lower right.

The Official Texas Tech University Health Sciences Center Ring captures treasured traditions common to all Tech graduates since the school's establishment in 1923. The unmistakable Double-T – an immediately recognized symbol – appears at the top of the ring. Additional features include the Administration Building Bell Tower which represents victory and the Spanish architecture of the campus. The Masked Rider is also featured, along with a rendition of the HSC seal.

The seal itself features the United States Eagle, perched above a book, a star, a key and a lamp which are divided by ten bolls of cotton. The book is the symbol for church, and the star represents the State of Texas. The key symbolizes the home, and the lamp represents knowledge. The cotton bolls in between represent Lubbock and the nine surrounding cotton-producing counties.

"Strive for Honor" is cast into each ring. The inscription is from the school's Matador Song and serves as a charge to every Texas Tech graduate to excel with integrity in all endeavors.

The Official Ring is also engraved with the owner's initials, degree and class year.

Special presentation box included.
