

# GOALS FOR STUDENT ACHIEVEMENT

## Mission

As a comprehensive health sciences center, our mission is to enrich the lives of others by educating students to become collaborative healthcare professionals, providing excellent patient care, and advancing knowledge through innovative research.

## ON-TIME GRADUATION RATES

To calculate on-time graduation rates, TTUHSC students are assigned to expected graduation cohorts based on the first academic period for which a student enrolls in credit hours toward a degree program. For purposes of comparison at an institutional level, students are expected to graduate within a specified number of years based on the level of degree sought.

- Students seeking undergraduate degrees are expected to graduate within 4 years of matriculation at TTUHSC.
- Students seeking masters' degrees are expected to graduate within 5 years of matriculation at TTUHSC.
- Students seeking doctoral and/or professional degrees are expected to graduate within 10 years of matriculation at TTUHSC.

The overall TTUHSC on-time graduation rate for the 2021 Expected Graduated Cohort (EGC) was 91.8%.  
(This compares to 91.3% in 2020 and 90.4% in 2019.)

### On-Time Graduation Rates by School for EGC 2017-2021

School	2017	2018	2019	2020	2021	Min. Annual Target	2021 Status
