Dear Dr. Asbahí,

I would like to sincerely express my gratitude for my stethoscope. My name is Tanner Ashcraft, and I am an incoming medical student from Salt Lake City, Utah. Your generosity and sacrifice on my behalf is very appreciated. This stethoscope will be with me every step of the way on my path to become a doctor, and I will care for it like the prized possession it is. I am excited to use it on patients and represent TTUHSC each time they see it showing them the care and attention that TTUHSC physicians stand for. Thank you for your support of the School of Medicine and Stethoscopes for Students.

*Sincerely,
Tanner Ashcraft*

Dear Dr. Asbahí,

My name is Andrew Chen, and I am an incoming medical student from Allen, Texas. Thank you for supporting the School of Medicine Stethoscopes for Students. Your generosity allowed me to receive a TTUHSC branded stethoscope this year. I chose to become a physician so that I can directly impact the health of my community act as a patient-centered guide, and help guide patients navigate the complex health care system by bringing a humanistic element to the often objective nature of science and medicine. Thank you again for your support.

*Sincerely,
Andrew Chen*
