

Dear Dr. Calderon,

My name is Hannah Olvera, and I am an incoming medical student originally from Roswell, New Mexico. I have been in Lubbock for a few years now as I completed my undergraduate studies here as well. I am so excited to begin my medical education and training to become a physician. Getting my white coat and stethoscope last week made it finally feel real. I am proud to wear the TTUHSC engraved stethoscope to show others the school I am proud of and the generosity of its alumni. I chose to come to TTUHSC for medical school because it felt like home.

*Sincerely,
Hannah Olvera*

Dear Dr. Calderon,

I want to thank you for sponsoring my stethoscope. I was thrilled to receive such a quality stethoscope. It will undoubtedly serve me well as I progress through medical school residency and beyond. Your generosity of the School of Medicine Stethoscopes program for Students is greatly appreciated.

*Sincerely,
Lauren Baker*

Dear Dr. Calderon,

I would like to sincerely express my gratitude (and excitement!) for the gift of my very first stethoscope that will kickstart my lifelong training in the medical field. Thank you so much for all your support for the School of Medicine and Stethoscopes for Students. I can't wait to see where my medical career takes me!

*Sincerely,
Bayley Richardson*

Dear Dr. Calderon,

My name is Mariama Poquíiz and I am an incoming medical student from Lubbock Texas. This stethoscope symbolizes everything I have currently worked for and all the things I have left to achieve. I hope to use this stethoscope throughout my medical school journey learning and absorbing as much as I can so that I may become a compassionate and effective physician. Thank you for your support of the School of Medicine and the Stethoscopes for Students program.

Sincerely,

Mariama Poquíiz

Dear Dr. Calderon,

I would like to sincerely express my gratitude for the gift of a stethoscope. This stethoscope is an honor to me and reminds me of the journey I am beginning to make a difference in people's lives. Thank you for your support of the School of Medicine and Stethoscopes for Students.

*Sincerely,
Joshua Birmingham*
