

Dear Dr. Haymes,

*My name is Tramondranique Hawkins, a first-year medical student from Dallas, Texas. I would like to express my sincere gratitude for you sponsoring my stethoscope. I have already used the stethoscope to practice listening to heart sounds on myself and for measuring blood pressure. Your gift made my transition to medical school feel real in the middle of an unforeseen pandemic. When the time comes, I plan to use the stethoscope while interacting with patients during training. Thank you for your continued support of the School of Medicine and for your commitment to improving the education of medical students.*

*Sincerely,*

*Tramondranique Hawkins*
