

Dear Dr. Johnston,

*My name is Andrew Pirtle. a an incoming medical student from the great city of Lubbock, Texas. I will use this stethoscope in my studies to both attain and hone my skills as a physician with the goal of one day providing skillful and professional care to those that are in need. Your gift will be an important tool in my toolbox as a student and physician for the diagnosis and treatment of many. It is great to know that alumni are willing to support those aspiring to one day become physicians as well!*

*Dear Dr. Johnston,*

*My name is Carina Vasquez, and I am an incoming medical student from El Paso, Texas. Thank you for supporting the School of Medicine Stethoscopes for Students. Your generosity allowed me to receive a TTUHSC branded stethoscope this year. I chose to attend medical school so that I could become a physician that serves Spanish-speaking patients. My family is Spanish-speaking and they have always appreciated when healthcare professionals could speak Spanish. I chose TTUHSC because I knew at this campus I would have opportunities to serve Spanish-speaking patients and grow my medical Spanish skills.*

*Sincerely,  
Carina Vasquez*

Dear Dr. Johnston,

*My name is Haylee Flournoy, and I am an incoming medical student from Lubbock, Texas. I hope that I can use this stethoscope to further my education and touch the lives of people, like my little sister who has Type 1 diabetes. I have encountered so many amazing people who have impacted her life, and I hope that I can support my own patients like her doctors have. Thank you for supporting the School of Medicine Stethoscopes for Students program.*

*Sincerely,  
Haylee Flournoy*

*Dear Dr. Johnston,*
