

Dear Dr. Rappa,

My name is Alex Collins, an incoming medical student from Dallas, Texas. Thank you for supporting the School of Medicine Stethoscopes for Students. Your generosity allowed me to receive a TTUHSC branded stethoscope this year. Becoming a physician is an amazing opportunity for me and it will allow me to reach my goal of helping addicts and to find ways to lessen the social stigma that surrounds the illness today. I plan to use my experiences to influence the direction in which medicine is heading and to work alongside others as a student and later as a physician to improve my patients' lives the U.S.' healthcare system and medical education programs.

*Sincerely,
Alex Collins*
