

Dear Dr. Shanklin,

*I want to thank you for the gift of a stethoscope. My name is Akhila Reddy, and I am an incoming medical student from Georgetown, Texas. When receiving this stethoscope, I truly felt I was beginning my journey to becoming a physician, and I am so grateful for your donation. I look forward to using this stethoscope in the coming years as I learn how to practice medicine. Your generosity of the School of Medicine Stethoscopes for Students is greatly appreciated.*

*Sincerely,  
Akhila Reddy*
