2022 SRW Silent Auction Item Donation Guidelines

GSBS Scholarship Eligibility

The Graduate Student Association will have a silent auction during Student Research Week (March 8th-11th, 2021). The funds raised from the auction will go towards GSBS scholarships. Graduate students from ALL campuses (Lubbock, Amarillo, and Abilene) are eligible to win the scholarship.

In order to do so, ALL of the following criteria must be completed:

- 1. Presented a virtual poster at SRW
- 2. Presented a physical poster at an in-person open poster session during SRW
 - a. First year students not presenting can substitute two hours of volunteer work for the first two requirements
- 3. Volunteered for at least **two** hours during SRW (Food setup, volunteer at the vendor show, run the registration table, banquet set up or tear down, etc.)
- 4. Provided at least one donation for the SRW auction (see guidelines below)

*** Completing these 4 criteria will give you ONE entrance in the scholarship drawing. The more you volunteer and donate – the higher is your chance of winning the scholarship! Your name can be entered into the drawing maximum 5 times (example: you contributed 5 donations, volunteered 10 hours during the SRW and presented at both the virtual and open poster sessions).

Donation Item Ideas and How to Approach Businesses

The best way to get donation items is to ask local businesses if they would be willing to make a donation to be used to raise money for TTUHSC graduate student scholarships. You can explain that we will be hosting a silent auction at our SRW banquet, which helps facilitate interactions between students from all campuses, faculty, and keynote speakers in a relaxed and friendly environment. Their contribution will help support our graduate students. For some businesses they may want an official donation request letter. The GSA has drafted a **business donation letter**, available as a word document, for you to use. This form can be found in the GSBS office, on the GSA website, attached to the SRW auction email sent to all students; you can also email GSA officers. **You will need to add the business name/person you are trying to contact, your contact information, and sign the bottom (highlighted region- take highlight off once you have filled in the information). If you are from Amarillo, or Abilene you will also need to change the address at the top to your TTUHSC campus location.** If you are requesting something specific you may also add it to the letter. Please print this letter on the official GSBS letterhead (available in the GSBS office and at each campus) or add the approved TTUHSC symbol in the top right-hand corner to be printed on normal paper.
