EMPLOYEE INFORMATION – PERMANENT RESIDENCE (NATIONAL INTEREST WAIVER)

The National Interest Waiver category requires TTUHSC to establish that (1) the Employee's proposed endeavor in the USA has both substantial merit and national importance; (2) the Employee is well positioned to advance the proposed endeavor, and; (3) on balance, it would be beneficial to the USA to waive the permanent labor certification requirements: At least THREE and preferably FOUR or FIVE of the following must be provided to USCIS:

1. An official academic record showing a Ph.D., Master's or Bachelor's degree related to the area of exceptional ability. If a Bachelor's degree is the highest degree attained, the employee will also need to show five (5) years of progressive post baccalaureate experience in the field through employment letters.
2. Evidence of the receipt of major prizes or awards for achievement in the academic field
3. Evidence of authorship of scholarly books or articles in scholarly journals (first two pages of each publication/journal only)
4. Evidence of membership in associations in the academic field
5. Letters from distinguished members of the academic field who can attest to the significant contributions you have made to the industry or field. Please include a full CV of each writer. Some but not all letters should come from TTUHSC faculty and journal/researcher collaborators. A good option is to see or request a letter from person who cite your work often but have never collaborated with you.
6. A copy of the license or certification necessary to practice in the field (if applicable)
7. Evidence of a salary that demonstrates exceptional ability (i.e. a higher salary than the industry norm)
8. Letters from current or former employers showing at least ten (10) years of full-time experience in the occupation being sought.

In addition to the above, if you have any of the following please also include them with the rest of your documents:

9. Evidence of original scientific or scholarly research contributions to the academic field; copyrights or patents
10. Evidence of published material in professional publications written by others about the Foreign Employee's work in the academic field
11. Evidence of participation on a panel or individually as the judge of the work of others in the same or related academic field
12. Evidence of oral presentations or poster presentations
13. ICS must include a detailed discussion of how the foreign national employee qualifies for the O-1 visa status. In order to do so ICS needs information about the research or clinical work. Therefore, the foreign national must provide a Professional Statement of Research or Clinical Work. The Professional Statement must explain the research or clinical work and its importance. The statement needs to be clear but detailed and written so that an average honors-level high school student would understand it. Explain your area of research or clinical work and your specific role and/or contributions to the area. Also explain the importance of the work to the USA or on a global scale. A sample will be provided upon request.
