TTUHSC Libraries Collaboration with TTU Master of Social Work Program

The TTUHSC Libraries are collaborating with the TTU Master of Social Work Program to provide social work services through the efforts of a library social worker. The library social work position is one that has seen increasing fulfillment in libraries nationwide. The social work student will meet the relevant needs of all students, staff, and faculty, whether in-person in Lubbock or virtually to all others, thanks to a TTUHSC Quality Enhancement Plan (QEP) grant from the Office of Academic Planning and Compliance. The social worker will connect patrons to resources, provide self-care activities to students and staff, and bring beneficial social work training to library employees. Through this position, TTUHSC Libraries will strive to maintain and enhance the quality services it provides. For more information, contact the library social work services via the provided email: library.socialwork@ttuhsc.edu.
