
Costa Rica - FIMRC International Program

August 24—31, 2024

General Information:

An international program for students has been planned for Costa Rica for course and/or clinical credit for TTUHSC students. Designation of course credit will be dependent upon the individual student's program of study.

Proposed educational activities include the following:

- Participants will conduct community health assessments, provide health education, and engage in other public health activities to learn more about the community and assess health priorities and needs.
- Participants will provide primary care at a FIMRC-run clinic located in a medically underserved community in Costa Rica. Patient care will include a focus on child wellness and developmental care, preventative screening measures, primary care services, and health promotion activities across the lifespan. Pharmacy services will also be provided.
- Participants will attend educational sessions conducted by FIMRC staff to learn about the Costa Rican healthcare system and FIMRC's role in addressing health disparities.

Applicants will be notified of acceptance by Friday, May 3, 5:00 PM CT. A \$250 deposit is due to FIMRC by Wednesday, May 15. Full payment is due by Wednesday, July 3.

Please note: TTUHSC does not require students be fully vaccinated for COVID-19 to participate in our international programs. However, FIMRC, the third-party provider, currently has the following vaccination requirements: All participants must provide proof of complete primary COVID vaccination series (booster not required) unless medically exempt. In addition, 24 hours prior to departure, all participants are required to provide results of a COVID rapid test. Both items must be sent to missions@fimrc.org. Please note, these requirements are not related to any country requirements. They are solely part of FIMRC's due diligence process to protect their field staff, community members, and volunteers. If there are any changes, this information will be communicated by faculty leaders as quickly as possible.

Application:

The application for participation in the program can be found at:

<https://student.ttuhsu.edu/global-health/fimrc.aspx>

Eligibility Requirements:

To be eligible to participate in an International Program for Students, a person must be a student at the University. For the purposes of an International Program for Students, a student is defined as all persons taking courses at the University, either full-time or part-time, pursuing undergraduate, graduate or professional studies, specifically excluding School of Medicine House Staff. Persons who are not officially enrolled for a particular term but who have a

continuing relationship with the University or who have been notified of their acceptance may be considered students.

For the purposes of an International Program for Students, a person is considered to have a continuous relationship with the University if the person was enrolled at the University for the preceding semester and:

- Is registered or preregistered for the following semester; or
- If the person has not completed the person's degree program, is eligible to continue the degree program in the following semester; or
- If the person completed a degree program in the preceding semester and is admitted to another degree program at the University for the following semester.

In addition, the person must be in good academic and disciplinary standing as determined by the person's school at the time the person applies for an International Program and at the time of the dates of travel. Good disciplinary standing is defined as relating to a student not currently on disciplinary probation; or, a student, whose disciplinary suspension, expulsion or conditions and/or restrictions imposed, if any, have been totally fulfilled in a timely manner.

Per TTUHSC OP 10.29, International Programs for Students, International Programs are part of a degree program. As such, schools will determine course credit being awarded for an International Program in accordance with TTUHSC OP 60.05.

Withdrawal/Refunds:

TTUHSC is not liable for funds paid for travel to airlines or the host institution/organization or other fees of any kind or character related to the trip if a person is no longer eligible or can no longer participate in the international program. As such, the person is responsible for any and all financial losses that may be incurred.

More information will be provided to program participants about Cancel For Any Reason (CFAR) Insurance.

Selection of Participants:

The TTUHSC faculty leaders will select approximately 15-18 students to participate. If necessary, a rubric will be utilized to determine participants from the applicant pool. Selected participants will be notified after eligibility has been determined (1-2 weeks after application close date). A wait list will be in effect if needed.

Cost:

The program fee is \$1,499 and includes all lodging, most meals, supplies, administrative costs, and transportation while in Costa Rica. Not included in the fee are: airfare, cost for group cultural activities, and spending money.

Funding information can be found on the OGH website: <https://www.ttuhschool.edu/global-health/funding.aspx>.

Team Meetings:

There will be 6 mandatory pre-trip planning meetings between May 6 and July 31, 2024, that all students are required to attend. Each meeting will be scheduled via Zoom and is anticipated to last approximately one hour.

Pre-departure Requirements:

All students selected to participate in the international program are expected to complete TTUHSC International Program pre-departure requirements. Additional information about the pre-departure requirements can be found at the TTUHSC Office of Global Health website: <https://www.ttuhschool.edu/global-health/requirements.aspx>.

Trip Specific Questions:
