Being Mortal

Death is something we will all one day face. So why is it so hard for doctors to talk with their patients about dying? How can the medical profession better help people navigate the final chapters of their lives with confidence, direction, and purpose? Renowned surgeon and New Yorker writer Atul Gawande explored those questions in his bestselling book, *Being Mortal*. Now, Gawande teams with FRONTLINE to bring his personal journey and the stories of his patients and their families to life and challenges us all to reexamine how we think about death and dying.

**Free pizza will be provided to the first 50 attendees!
