

Global Perspectives Film Series

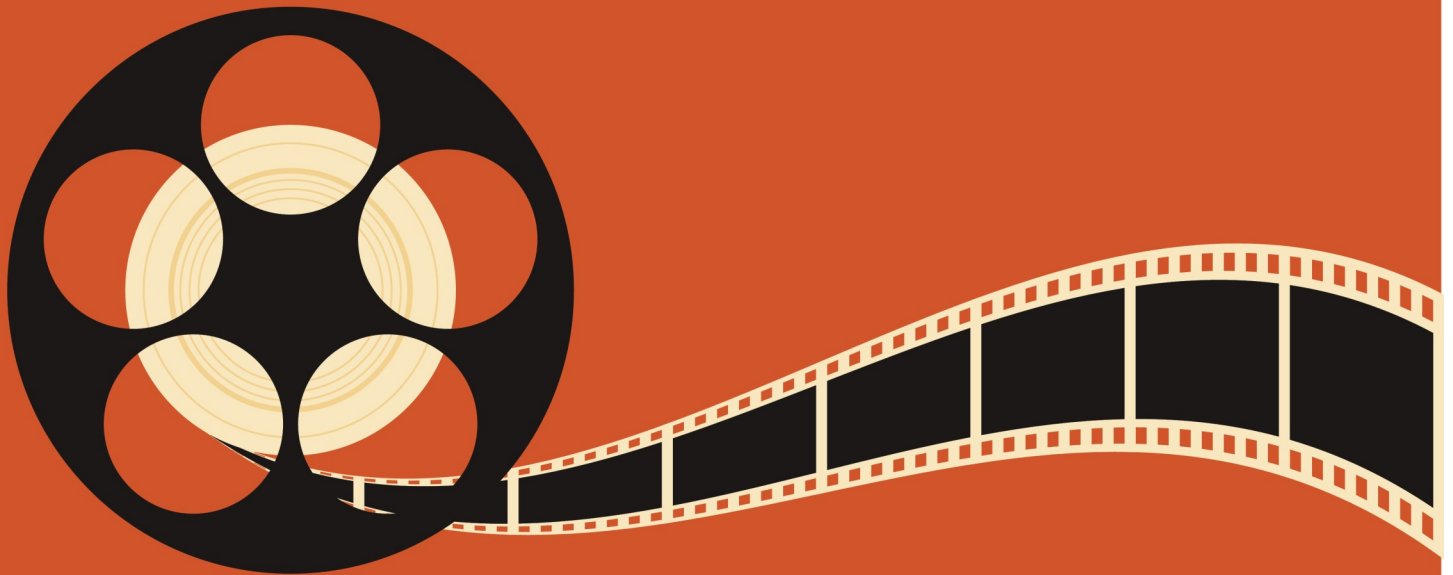

featuring

Africa Rising

Thursday, February 15
Noon, ACB 240

Every day, six thousand girls are subjected to female genital mutilation (FGM). With little more than fierce determination and deep love for their communities, brave African activists are breaking the silence and leading a formidable and fearless grassroots movement to end five thousand years of this cultural tradition. Traveling through remote villages in five African countries, this extraordinary film offers an insightful look at a quiet revolution taking place across the African continent.

Free pizza will be provided to the first 30 attendees!

This event is free and open to the public. No RSVP is necessary.
