

GLOBAL PERSPECTIVES FILM SERIES

WHEN WOMEN COME MARCHING HOME

Women make up 15 percent of today's military. That number is expected to double in 10 years. *SERVICE* highlights the resourcefulness of seven amazing women who represent the first wave of mothers, daughters and sisters returning home from the frontless wars of Iraq and Afghanistan. Portraying the courage of women veterans as they transition from active duty to their civilian lives, this powerful film describes the horrific traumas they have faced, the inadequate care they often receive on return, and the large and small accomplishments they work mightily to achieve.
