

# Spring 2024 GLOBAL HEALTH LECTURE SERIES

## Behind the Lens: Capturing Global Communities through Photography

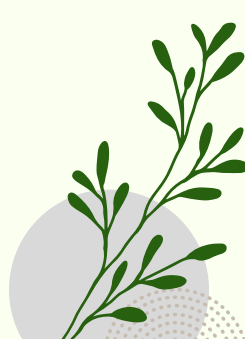

*Featuring*  
**Tara Shupe**

Humanitarian Photographer and Video Storyteller

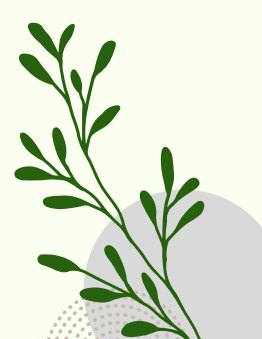

**Wednesday, March 20, 2024**

**12:00 PM - 1:00 PM**

Zoom ([register here](#))

Tara has over 10 years of experience capturing stunning images and striking stories around the world. She will be elaborating on her process of intimate storytelling, including how she approaches conversations with community members and develops questions that lead to trusting connections. This presentation will discuss how to creatively evaluate framing others' narratives, and think beyond your comfort zone.

This event is free and open to the public.

No RSVP is required.

For more information about the lecture series, please contact the Office of Global Health by [email](#) or visit our [website](#).
