Student Attrition

In order to be in compliance with the 5th edition accreditation standard A3.12i, the program must complete the **ARC-PA Student Attrition TEMPLATE** below with its most current information. This completed table must be published and readily available to prospective students.

Standard A3.12   The program *must* define, publish and make *readily available* to enrolled and *prospective students* general program information to include:

i)   the most current annual student attrition information, on the table provided by the ARC-PA, no later than April first each year.

In accordance with the ARC-PA instructions, the following table is provided with the most current annual student attrition information for the 3 most recent graduating classes. (As of November 30, 2020)

	Graduated Classes		
	Class of 2018	**Class of 2019**	**Class of 2020**
Maximum entering class size (as approved by ARC-PA)	60	60	60
Entering class size	60	60	60
Graduates	54	53	58
* Attrition rate	10	11.6	6.4
**Graduation rate	90	88.3	86.6

Comments: The table takes into account the number of newly enrolled students plus those re-entering from a different cohort. Attrition rate calculates the number of students from the entering class who did not complete the program due to dismissal plus the number of students from the entering class who left their cohort due to deceleration or leave of absence.
