Memorandum

TO: PA-S 1 Students, Summer 2023

FROM: Christina Robohm-Leavitt, MS, PA-C, DFAAPA
Regional Dean, PA Program Director

RE: Medical Equipment

Beginning Fall Semester, 2023, you will be required to have your own medical equipment to use in class. This is an important and expensive purchase with the majority of the equipment that will likely serve you for most of your career.

The required equipment list is noted at the end of this memo. You may choose to purchase from any vendor, as long as you have everything by August 14th. We have shared the equipment list with a vendor that many of our students have used for several years. They have developed a package price so you may order any or all of the items. Should you choose to use this vendor, the deadline for ordering is June 1st, 2023 and all equipment will be delivered on July 21st, 2023. The vendor will be on site to demo all of the equipment during orientation at lunch on May 22nd. **The vendor has requested that you wait to order from them until after they are here for the demo.**

Equipment List:

- ADC Hand Aneroid w/ Adult , Lg Adult, Sm Adult Cuffs
- Welch Allyn 71-PM2LXU-US Oto/Ophthalmoscope (PanOptic Ophthalmoscopes included w/ Lithium Ion handle and LED Bulbs)
