

Master of Science in Molecular Pathology

Molecular Pathology 1st Year Textbook List

Spring 2022

HPMP 1002 Foundations of Interprofessional Collaborative Practice with TeamSTEPPS Essentials

- No Textbook Required or Recommended

HPMP 5098 Special Topics - Required

- No Textbook Required or Recommended

HPMP 5102 Graduate Seminar Required

- No Textbook Required or Recommended

HPMP 5301 Management of the Molecular Laboratory - Required

- Textbook: Laboratory Management, Principles and Processes, 4th ed. Harmening
- Author(s): Denise Harmening
- Publisher: D.H. Publishing
- Edition: 2020 - 4th
- ISBN: 978-0943903187

HPMP 5301 Management of the Molecular Laboratory - Required

- Textbook: Molecular Diagnostics: Fundamentals, Methods and Clinical Applications; 3rd ed. Buckingham
- Author(s): Lela Buckingham
- Publisher: F.A. Davis
- Edition: 2019 - 3rd
- ISBN: 978-0803668294

HPMP 5342 Clinical Preceptorship- Required

- No Textbook Required or Recommended

HPMP 5408 Applied Molecular Techniques II- Required

- Textbook: Molecular Diagnostics: Fundamentals, Methods and Clinical Applications; 3rd ed. Buckingham
- Author(s): Lela Buckingham
- Publisher: F.A. Davis
- Edition: 2019 - 3rd
- ISBN: 978-0803668294

HPMP 5441 Graduate Research II - Required

- No Textbook Required or Recommended
