

Master of Science in Molecular Pathology

Molecular Pathology Textbook List

Summer 2020

HPMP 5100 – Issues in Molecular Pathology

- NO Textbook required or recommended

HPMP 5400 Research Design and Statistical Analysis

- Textbook: Introduction to Research and Medical Literature for Health Professionals
- Author(s): J. Glenn Forister and J. Dennis Blessing
- Publisher: Jones and Bartlett Learning
- Edition: 4th
- ISBN: 978-1-284-03464-6

HPMP 5400 Research Design and Statistical Analysis

- Textbook: Calculations for Molecular Biology and Biotechnology (A Guide to mathematics in the laboratory)
- Author(s): Frank H. Stephenson
- Publisher: Jones and Bartlett Learning
- Edition: 2nd
- ISBN: 13: 978-0126657517

HPMP 5406 Molecular Biology of the Cell

- Textbook: Molecular Biology of the Cell
- Author(s): Alberts, et al,
- Publisher: Garland Science
- Edition: 6th
- ISBN: 978-0-8153-4432-2
