SCHOOL OF MEDICINE

BECAUSE YOU GAVE...

I would like to thank the donors for this scholarship from the bottom of my heart. This scholarship will go towards making my dream of becoming a physician possible. I will be able to put this scholarship towards my tuition and living expenses, making it easier for me to achieve my goals and dreams.

WITH YOUR SUPPORT, I CAN...

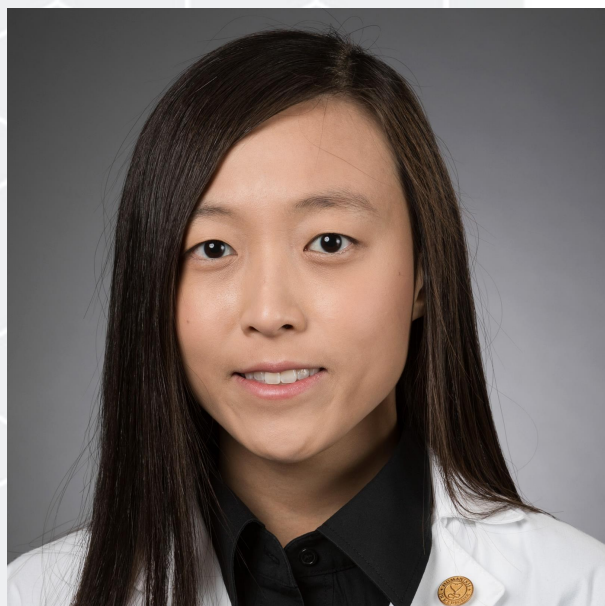

This scholarship will help me to further my medical education in the Permian Basin. It will help me significantly to afford the high living expenses in this area. It will allow me to put money towards my tuition and towards living expenses. With this scholarship, I will be able to pursue my 3rd and 4th year medical education with less debt and less worry. This scholarship will also allow me to pursue away rotations, which will enrich my medical experience and knowledge and allow me to pursue more residency programs.

WHY I CHOSE TTUHSC...

I chose TTUHSC for many reasons. The education provided is incredible, and the community is supportive and inviting. The education provided is preparing us to be good physicians, but also to be good citizens. TTUHSC has a special place in my heart because of the generosity and kindness of the faculty, staff and students. They strive to create doctors who are compassionate and caring.

SCHOOL OF MEDICINE

BECAUSE YOU GAVE...

Thank you so much for your donations toward my education. I hope to upon completing my training, give back to the community as you have to me through both service and support for future students. Education and living costs increased for my third year of medical school and any amount of help was valuable in relieving financial stressors during this year.

WITH YOUR SUPPORT, I CAN...

The scholarships will help me with the upcoming exam fees for this school year, in addition to the increased living costs of being at the Permian Basin TTUHSC campus. I cannot thank you enough for assisting me financially as I chase my dreams of becoming a physician.

WHY I CHOSE TTUHSC...

I chose TTUHSC because of the warm and welcoming environment shared with me during the interviews. In particular, the students at the school seemed happy and described their relationships with one another as collaborative and friendly as opposed to competitive. I felt the environment would help foster kindness in addition to being a strong learning environment.
