### SCHOOL OF HEALTH PROFESSIONS

#### BECAUSE YOU GAVE...

Thank you so much. I appreciate this more than you will ever know, and I hope to pay it forward in the future to other aspiring students.

#### WITH YOUR SUPPORT, I CAN...

This scholarship will help to fund my dream of becoming a physical therapist. It will help me to pay for living while I am in school and allow me to have access to things I normally would not.

#### WHY I CHOSE TTUHSC...

I chose TTUHSC because of the environment that is present on all campuses. I loved seeing how the students and faculty interacted and felt at home in my interview. At TTUHSC we strive for excellence, but know that we are not expected to be perfect. There is room for mistakes and for learning to take place. I appreciate how much our staff and faculty care about our journey in becoming a clinician and are always there for us along the way.

### **BECAUSE YOU GAVE...**

Thank you so much! With this scholarship, I will be able to continue my education to becoming a Physical Therapist to help patients return to being able to move safely and independently.

### **WITH YOUR SUPPORT, I CAN...**

The scholarship will help me to continue my education at TTUHSC and allow me to focus more on my education rather than on the financial aspect. Thank you for your support.

### **WHY I CHOSE TTUHSC...**

I choose TTUHSC for the high quality education at a relatively cheaper price than other institutions. I additionally heard really good things about the Physical Therapy program from former students. I also valued the interview process, which allowed me to express myself rather than just basing my skills of only an application process. The three campus system allows for a combination of multiple specialist that I would of not been able to get anywhere else in the state of Texas. The picture is of my peers and I learning therapy techniques.
