#### **BECAUSE YOU GAVE...**

First, I would like to say thank you. This scholarship will not only help me fiscally but also mentally and emotionally. My first year of graduate school was incredibly challenging for a variety of reasons, causing me to constantly feel stressed and overwhelmed. This scholarship will aid in putting my mind at ease for the upcoming semesters. Because of your support, I'm no longer required to push myself too hard simply to work for ends meet, while simultaneously striving to perform my best clinically and academically.

#### **WITH YOUR SUPPORT, I CAN...**

These scholarships are the equivalent to one year's cost in rent for me. That may not sound like much, but it is actually the greatest blessing. It's difficult to explain just how beneficial these scholarships are for me, but mostly, they will allow me to focus the majority of my energy and efforts into finishing my academic career over the next two semesters. It is so relieving to know I won't have to take out another personal loan or pick up extra jobs on the weekends simply to get by. I am so thankful for the peace of mind.

#### **WHY I CHOSE TTUHSC...**

After visiting TTUHSC for my interview and pestering many staff members with questions during my decision-making process, it simply felt like the place I needed to be. I loved the medical focus of the program, the enlightened professors, and slower pace of life in Lubbock. I know I made the right choice by coming to TTUHSC.
