BECAUSE YOU GAVE...

I don't think I can properly express my gratitude for your support towards my goals. I hope to move forward with my education well past attaining my doctorates and any reduction in the stress that comes from student debt is greatly welcome. Truly, thank you.

WITH YOUR SUPPORT, I CAN...

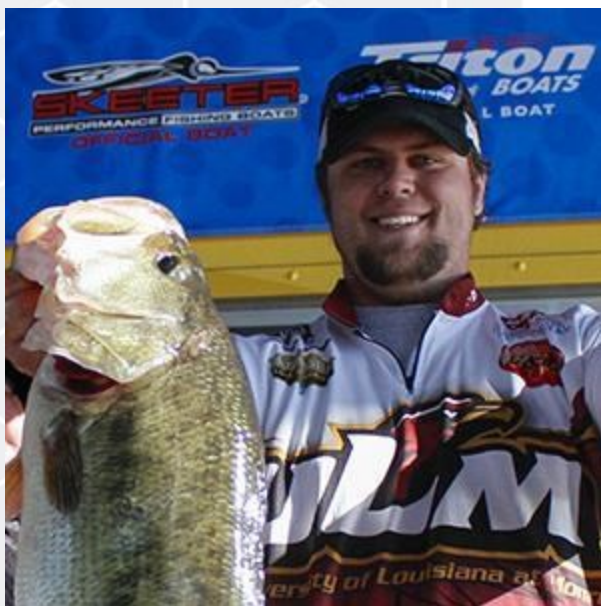

Any financial help I receive for the program is a godsend. I won't be working while I'm in school (other than drill with the army reserves), and I'll receive little financial assistance from the military. Student debt is a monumental stressor for me, and this will help alleviate some of that stress. Especially since I'll accrue more of it as I will continue my education after this degree.

WHY I CHOSE TTUHSC...

I looked into student impressions of the program through various TTUHSC student forums/hubs and took a look at the university website. I found myself attracted to the campus life and community. The prospect of connecting with compatible students and working together towards a harmonious goal is appealing because it would allow me to work towards my ultimate future as a physical therapist in an engaging and pleasant fashion. The impression the program left on prior students also speaks volumes of the passion and support they received from instructors who acted as mentors. I made the right choice coming to TTUHSC.

BECAUSE YOU GAVE...

I would like to express my sincere gratitude to the donor of this scholarship. Their generous donation has allowed me to enroll in a highly ranked Texas program despite my Louisiana residency. The benefit from this scholarship will allow me to focus on my academic endeavors instead of worry about financing a large amount of student loans. Since the TTUHSC program discourages part time student employment while enrolled in the curriculum, this scholarship will help tremendously in the purchase of the educational tools necessary for successful completion of the program.

WITH YOUR SUPPORT, I CAN...

As an out of state student, this scholarship qualifies me to pay in state tuition for my first three semesters. As a Louisiana resident, this scholarship that allows in-state tuition has given me the opportunity to enroll in this highly ranked DPT program. This is a tremendous help for my financial future, by cutting the cost of my first academic year by nearly \$16,000.00. This will allow me to focus on my academics and relieve the added stress of paying off a substantial amount of debt in student loans.

WHY I CHOSE TTUHSC...

During my observation hours, I had the opportunity to work under a recent graduate of the TTUHSC DPT program. Throughout my time as an under graduate Kinesiology student intern, I heard several comments about how well prepared I was in my long term endeavor to become a licensed physical therapist. As I began researching DPT programs, I realized that TTUHSC was the top ranked school based on student satisfaction according to graduateprograms.com. After my interview I was convinced that this was the school for me.

I want to extend a huge thank you for your contribution to my education. I honestly cannot put into words how much it means to me and it brings me to tears that someone would be so kind and generous to donate towards my education. It is a huge relief as finances have been a burden for me since I was sixteen years old. Your generous gift is extremely helpful, and I truly appreciate it. Thank you again for your generosity and support. I hope that one day I can personally thank you for your incredible contribution towards my education.

WITH YOUR SUPPORT, I CAN...

This scholarship will relieve a huge financial burden that I have. My parents have not helped fund any of my education. Due to that, I have had to work at least forty hours a week during my entire undergraduate career, and sixty to eighty hours a week during the summers in order to afford to go to school for my undergraduate degree. Since my parents Having scholarships such as this one make it easier for me to attend school and lessens the stressors in my life tremendously.

WHY I CHOSE TTUHSC...

I chose TTUHSC because during my interview I fell in love with the program. I knew that it was not only a program that would challenge me academically, but a program that I would feel at home at. The program was not just about filling a certain number of spots but cared about who the students were that they were interviewing and what truly made them who they are. Out of all five of my master's interviews it was by far the most personable. The professors truly care about their students and go out of their way to help.

BECAUSE YOU GAVE...

Thank you so much for this scholarship. This scholarship will allow me to focus more on my goal of graduating with my DPT degree without having to worry as much about having to pay for school. I also hope that by receiving this scholarship, I will be seen as someone who people can believe in to succeed. This scholarship is a tangible reminder that my hard work throughout my undergraduate degree has paid off and that I must keep the same work ethic as I begin my physical therapy degree. Thank you again.

WITH YOUR SUPPORT, I CAN...

This scholarship will help to offset some of the cost of pursuing my physical therapy degree. My parents are graciously paying my entire way through school so I feel this scholarship is a small way to show them that my hard work and their investment in my education is paying off. It will also allow me to focus more on my classes instead of worrying about the financial obligation to pay for school.

WHY I CHOSE TTUHSC...

When applying to physical therapy schools, TTUHSC was always my number one choice because of several reasons. One of the main reasons was the campus in Amarillo, which would allow me to stay at home and decrease the overall cost of my degree. Another big reason was many of the therapists I shadowed graduated with their DPT from TTUHSC and they had nothing but good things to say about the program. I also wanted to stay in the Texas panhandle after I graduate and work in an outpatient orthopedics facility, so TTUHSC is the best choice for me.
