Lastly, this scholarship will help me financially by lowering the amount of loans I will have to take out.

WHY I CHOSE TTUHSC...

I chose TTUHSC because it is home to me. I grew up a Red Raider from the time I was born, giving both of my parents are TTU graduates. I earned my Animal Sciences degree from TTU in May of 2017. I love the spirit and tradition that is established deep within the university's roots. The professors and instructors are kind and truly care about their students' futures and well-being. Their dedication to their students and the field of medicine is unmatched.

I would just like to express my utmost gratitude and thank you for your generosity! You are truly making a difference in my life, and I cannot thank you enough for the stress you are taking off my shoulders. I hope to pay it forward to other aspiring PAs once I am established in my career.

WITH YOUR SUPPORT, I CAN...

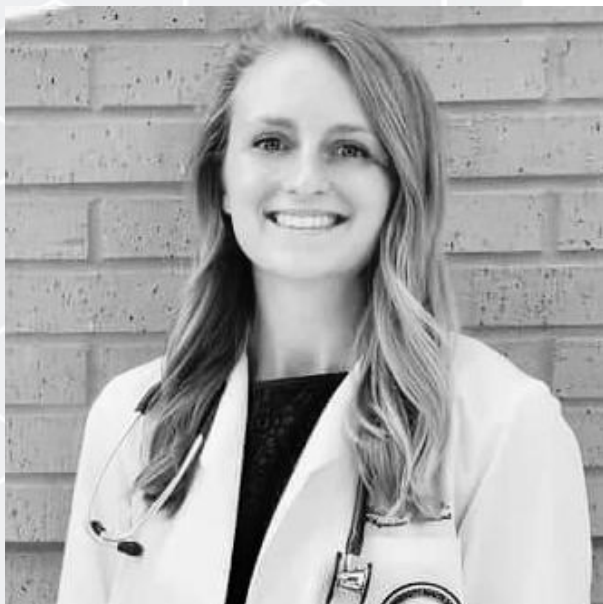

This scholarship will help aid in my tuition fees each semester, which reduces the number of loans I need to take out. Any financial help I receive alleviates some of the stress of paying for school. Because I can focus less on my tuition, I am able to better complete my studies and clinical work. Thank you for that.

WHY I CHOSE TTUHSC...

TTUHSC has an excellent Physician Assistant program and it is located in the Permian Basin, which is where I grew up. I hope to take what I learn and give back to the community that has given me so much. I have really enjoyed my time at TTUHSC, and I know it will form me into a great PA.

Thank you so much for donating and supporting my future career! I have NEVER received a scholarship before, so this was truly an exciting email notification to receive.

WITH YOUR SUPPORT, I CAN...

This scholarship will be very beneficial for the remaining time of my student career and my career beyond PA school. Not having financial support during my undergraduate and graduate time, I have had to take out a large sum of loans to support my future career.

WHY I CHOSE TTUHSC...

Coming from an underserved, rural area, but going to a larger university for my undergraduate career, I knew when applying to graduate programs that I wanted to attend a school. This was one of my top priorities as I wanted to be in smaller class sizes while fostering the small town feel I came from and grew up in.

BECAUSE YOU GAVE...

I would like to say that I am very grateful and humbled to receive this scholarship. I recognize that it is through this scholarship that I am encouraged and supported to pursue higher education and I will be continuing this generosity when I am a physician assistant. Thank you for your kindness.

WITH YOUR SUPPORT, I CAN...

As a graduate student in such a demanding program, I will not be able to maintain an occupation for the next 27 months. I, like my peers, will be spending the majority of my time learning how to become the best physician assistants possible. I value this scholarship greatly because it eases the financial burden I will have and allows me to focus more on my education. I will be using this scholarship amount on the equipment needed for laboratory and clinical rotations.

WHY I CHOSE TTUHSC...

I grew up in the lower Rio Grand Valley of Texas, and spent the past 6 years in central Texas (College Station, Houston, Austin). Each location has very unique healthcare needs and characteristics, and therefore, has allowed me to learn and grow as a health professional. When researching which program to attend, I kept in mind that I wanted to challenge myself and truly felt that TTUHSC's rural health setting, along with its rigorous program, would allow me to become an excellent physician assistant.

BECAUSE YOU GAVE...

I understand the choice to donate comes at a personal financial sacrifice to the donors, which makes this scholarship especially meaningful when accepting it. Simply put, I would like to thank you for your investment in my future. I cannot thank you enough for believing in me and my dreams.

WITH YOUR SUPPORT, I CAN...

TTUHSC has low in-state graduate tuition, however, the reason I accepted more student loans my first year in the PA program was the higher cost of living in Midland, TX. This scholarship will allow me to reduce the number of federal students loans I accept this upcoming year and reduce the overall burden of student loans upon graduation.

WHY I CHOSE TTUHSC...

Once I was accepted to the TTUHSC PA program, I declined interviews at other programs because the interview process, smaller class size, cost of attendance and Texas location were enough reasons to convince me this was the program I wanted to attend. The interviewers left me with the impression that they cared to know the applicants and were equally invested in our individual professional success. Finally, the student tour of the facility and the way they spoke of their experience in the program reassured me that my impression of the program was not mistaken.

Thank you very much for investing in my future as a PA. I hope to pay it forward to students once I am in my career. I will not forget your generosity and support towards my education.

WITH YOUR SUPPORT, I CAN...

While my future goal is to serve the underserved, career opportunities that would allow me to do so will very likely not be financially lucrative compared to other positions, and considering the burden from remaining undergraduate loans, I foresee significant financial challenges after my time at TTUHSC. Receiving this scholarship will help me be in as ideal a financial position as possible upon graduation while serving the communities I seek to serve. Thank you very much.

WHY I CHOSE TTUHSC...

I chose TTUHSC because I wanted to be educated in a PA program of a state that allows PAs to practice in a wider set of arenas compared to other states, and of the institutions I visited across the nation for PA program interviews, TTUHSC's interview staff was the most organized and personable. In addition, TTUHSC's effort in promoting diversity was revealing to see in the overwhelming diversity of applicants compared to the other programs I visited.

BECAUSE YOU GAVE...

With the deepest gratitude for your help and generosity, I thank you for your investment in my education. Before school began, I had a narrow understanding of the impact being a PA could have on a community, but as the didactic year has progressed I realized that my profession will truly serve people of every nation, background, and socioeconomic status. Like physicians, PAs are equipped to treat diseases and touch lives, but furthermore, as a PA we are positioned to care for people who are truly under-reached due to the provider shortage in the region.

WITH YOUR SUPPORT, I CAN...

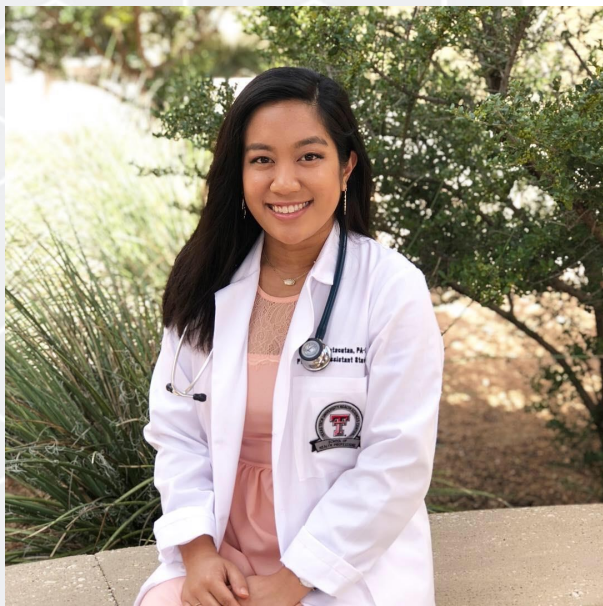

Receiving this scholarship is an honor and a blessing during the critical year of clinical rotations as a Physician Assistant Student. Throughout the year, my husband and I have strategized how to minimize and budget student loans and other awards in order to complete this program. We are excited to move to Amarillo for rotations, and it has a less expensive cost of living than Midland. These funds will be applied towards my tuition primarily because this is my most expensive semester yet. Also, it allows me to purchase a reliable computer and any additional resources required by my preceptors.

WHY I CHOSE TTUHSC...

TTUHSC has always been well respected as an institution of quality and accessibility. I chose TTUHSC for several reasons. First, it is located in West Texas which supplies healthcare and other services to the greater southwestern region of the US. Growing up in eastern New Mexico, my family felt the disparities in health care and lack of access to providers. TTUHSC offers hope and a solution by educating providers here. Secondly, TTUHSC is comprised of people who are friendly, passionate, and hardworking. I knew that attending school here would help me excel in knowledge and compassion was essential.
