BECAUSE YOU GAVE...

Thank you so much for your generosity and support! Donors like you help keep the costs of medical school down so us students can worry less about loans and more about getting a world class medical education in West Texas. I am very thankful for your generosity and hope to one day be in a position to also be a donor to TTUHSC students.

WITH YOUR SUPPORT, I CAN...

This scholarship will help lower the cost of medical school and reduce the amount of loans I will need. Thus, I will be able to worry less about money and focus more on learning. Your support will allow me to focus more on my studies!

WHY I CHOSE TTUHSC...

I chose TTUHSC because of the great faculty and high student satisfaction. Every faculty member I had interacted with was friendly and always offered assistance. I have also lived in West Texas for the past 4 years and wanted to get my medical education in this same area. I only applied to TTUHSC under the early decision program because I was so sure that this was the right school for me and I am very excited to start!

BECAUSE YOU GAVE...

Thank you for your continued support of the medical school at TTUHSC. The community at TTUHSC fosters not only great physicians, but also people of great character. I hope to give back in a way similar to you when I am able as I believe promoting strong leadership is paramount to creating a strong community. I am truly grateful for your support in aims of promoting strong leadership, and I will look up to you as inspiration in the future when I become a leader within my own community.

WITH YOUR SUPPORT, I CAN...

I plan to primarily use the money for expenses associated with attending conferences. This will not only help me get more insight into the life of physicians, but also allow me to network with physicians, which can impact my future residency. I would also spend the funds for learning resources to ensure that I build the strongest foundation for becoming a competent physician. Any remaining funds will be put towards travel when I need to interview for residencies.

WHY I CHOSE TTUHSC...

Many schools boast of how their school and staff are the most welcoming or the most invested in their students' success. However, as I was interviewing through several schools, the students and staff I interacted with at TTUHSC made me feel the most comfortable, and I felt like I fit in here. When I started medical school, this still held true, and I feel like the more senior medical students were very supportive and helpful in terms of pointing out what resources they found the most beneficial. The teaching staff is also always willing to help out.

BECAUSE YOU GAVE...

Thank you very much for your contribution! Coming from a family who is unable to contribute financially and having to take out the maximum amount of loans, every bit of assistance counts, and I am extremely thankful!

WITH YOUR SUPPORT, I CAN...

This scholarship will assist me in obtaining relevant school supplies such as books, medical equipment, and electronics. Thank you for taking that financial burden off my shoulders.

WHY I CHOSE TTUHSC...

TTUHSC was my school of choice due to the focus on family medical care. After working in primary care as a medical scribe for 2 years, I have seen what an essential part family practice physicians play, and I believe TTUHSC will help me nurture my desire to pursue primary care.

BECAUSE YOU GAVE...

I would like to express my thanks for your support, and I look forward to working hard in medical school to become a caring and compassionate physician. Thank you for believing in me as I chase my dreams.

WITH YOUR SUPPORT, I CAN...

I am thankful for receiving this scholarship because I know that it will make a big difference in my education. I will be able to focus more on my academic studies and developing clinical skills with more free time to pursue potential career paths that will shape me into a well-rounded physician.

WHY I CHOSE TTUHSC...

Even though Lubbock is a big city, I feel as though the community is very close-knit, which is reflected in how close the student body is with each other and how active they are within the community. Additionally, while I was interacting with the staff and students, it really felt as though they were rooting for me, and this was an environment I could see myself thriving in for the next 4 years. Furthermore, I appreciated TTUHSC's 2 year curriculum, which allowed students to really focus on understanding the information and taking the time to grasp concepts.

BECAUSE YOU GAVE...

Thank you so much. My parents have always done everything they could for me. When I went home, they'd send food back up with me for undergraduate and graduate school. Being an 8 hours away from them I won't really have any of their support, which I suppose means it's time for me to grow up. As I figure out the intricacies of adulting, debt is something that looks over me. Your support is allowing me to focus more on my studies, and less on how I am going to pay for school.

WITH YOUR SUPPORT, I CAN...

Coming from a family unable to support me financially, this scholarship will take a bit of the financial burden off my shoulders. Every penny will go into my necessities and provide a bit of comfort as I move on to this new stage in my life filled with uncertainty and lacking in the comfort I used to know.

WHY I CHOSE TTUHSC...

My interview day at TTUHSC was the most fun I'd had amongst all the interview days. The people, the staff, the way the dean joked, and the way you could tell the staff really cares about the students comfort. I knew coming here I would more than just a number.

BECAUSE YOU GAVE...

Thank you very much, my wife and I are incredibly grateful for your generosity and ability to help us as medical students. We hope to contribute back to the community one day just as you have.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me in being able to purchase supplies that I need for medical school. As my wife and I are tight on money, this scholarship will allow us the flexibility in our finances to avoid having to take out even more money on loans. As any loans we take continue to accrue interest even when I'm not studying, this scholarship will help us reduce our total student debt.

WHY I CHOSE TTUHSC...

I was a graduate of Lee High School in Midland. Due to my family still living here in West Texas, I had a strong consideration for TTUHSC and expressed that preference in my interviews as well. Ultimately, I decided that I wanted to be close to family and return to West Texas over some of the other medical schools that were options.

SCHOOL OF MEDICINE

BECAUSE YOU GAVE...

I cannot express my thanks to you for this scholarship. This is a great help since our family is also now paying for my grandmother's breast cancer treatment in India, and this will help relieve my parents of some of the cost of my education. With this scholarship, I will make sure to be the physician that will make TTUHSC proud.

WITH YOUR SUPPORT, I CAN...

The scholarship will help decrease my tuition overall. This money will help reduce the debt that I will accumulate through school, and give me more peace of mind. Because of scholarships, I can cover a quarter of the cost of tuition yearly, which allows me to focus more on my studies and less on how I will pay for school.

WHY I CHOSE TTUHSC...

The welcoming faces during the interview helped me feel relaxed and at home. My interview with a pediatric oncologist, which I was the career path I had my eyes set on also convinced me that TTUHSC School of Medicine was the place I wanted to be.
