

FRANCKIANA LORMEUS

SCHOOL OF MEDICINE

BECAUSE YOU GAVE...

I am grateful for your generosity and hope that with my medical education I can serve the community. Thank you so much for your kindness. You are truly making a big difference in my life, and I cannot be more grateful for your support.

WITH YOUR SUPPORT, I CAN...

The scholarships will help me with my tuition so that I may focus on my medical education. You are truly making it possible for me to chase my dreams.

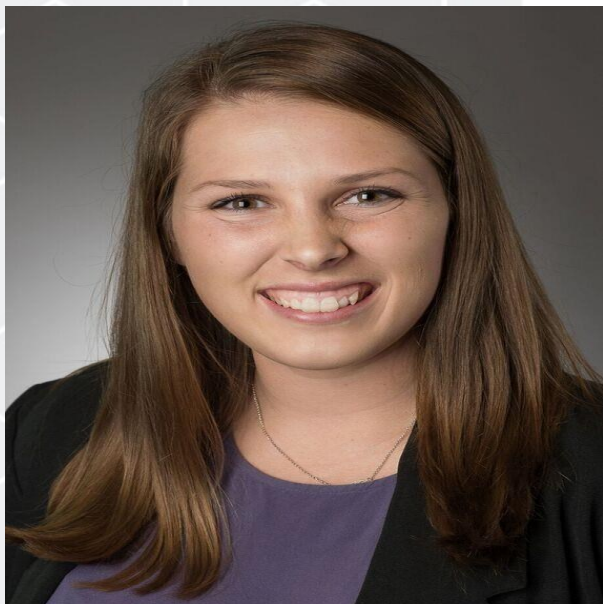

WHY I CHOSE TTUHSC...

My sister currently attends TTUHSC School of Medicine as well, and she has loved her experience so far. Her success made me want to attend TTUHSC, and I love going to school with my sister at such a great university.

CHERYL HASTON

SCHOOL OF MEDICINE

BECAUSE YOU GAVE...

Thank you! Your generosity is inspirational, and will allow me the opportunity to follow my dreams. I will not let you down, and will work hard to represent your financial sacrifice well.

WITH YOUR SUPPORT, I CAN...

This scholarship is vital in allowing me the opportunity to become a family medicine physician in West Texas without the worry of crippling debt. I will not be receiving any financial help from my family, and am 100% reliant on loans. Thanks to the generosity of this scholarship, I feel more confident about paying back my loans in a reasonable time-frame, as well as volunteering as a medical missionary for little to no pay after my residency.

WHY I CHOSE TTUHSC...

TTUHSC SOM illustrates their love for their community through the Family Medicine Accelerated Track program, and further exemplifies true compassion and leadership to those around them. I originally chose to attend TTUHSC because of the incredible opportunity to join the FMAT program, and I continue to choose TTUHSC because I have been inspired by the doctors and professors around me that illustrate the characteristics I hope to one day embody.
