

JACQUELINE FALCON SCHOOL OF MEDICINE

BECAUSE YOU GAVE...

Thank you so much With your help, I am able to focus on my career and learn how to take better care of my patients and the coworkers I collaborate with. It is because of donors like you that medical students are able to pay for their studies and take care of themselves as they learn how to become doctors, and hopefully give back and take care of the people of the Permian Basin and beyond.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me in my daily living expenses by lessening the economic burden of medical school. It helps offset the expensive cost of living that the beautiful cities of Odessa and Midland have for its citizens in this prospering economy. With this scholarship, I will be better able to focus on my studies and the patients that I work with. I can be a better student doctor and hopefully give back when I become licensed as a physician in the future.

WHY I CHOSE TTUHSC...

I chose TTUHSC because of its focus and emphasis on rural and border health, and its pursuit of establishing diversity in their medical school classes. I come from a small town in southern Texas, and I wanted a medical school that would incorporate rural and border health into their curriculum with emphasis on primary care and inter-professional collaboration.

BECAUSE YOU GAVE...

Thank you very much for this scholarship. I plan on completing a general surgery residency and then a fellowship in trauma or acute care surgery. It means so much that you donated your time and money in order to make this scholarship happen. Thank you once again for the consideration.

WITH YOUR SUPPORT, I CAN...

I will be able to use these scholarship funds to live in Permian Basin, which is quite expensive. This scholarship will also benefit me in the long-run because it reduces the amount of student loan debt that I will need to pay back which helps tremendously. Specifically, I also am beginning to plan ahead to next year when I have to do away rotations. I basically will have to pay for housing in two places at the same time, so this help is greatly appreciated.

WHY I CHOSE TTUHSC...

TTUHSC is where I matched for medical school, and I have enjoyed getting to know the students and faculty who work here. I especially like the smaller class size here in Permian Basin because it makes scheduling things much easier, and I feel like we're a tighter knit group of students.

I want to take this opportunity to thank you so much for making scholarships like this possible. Your commitment to equip current medical students as they become future physicians is greatly appreciated and helps connect our learning community with the people in this area that make education possible. As I move toward a residency in obstetrics and gynecology, I will always look back very fondly on my time at TTUHSC and know I want to end up back here regardless of where I train next!

WITH YOUR SUPPORT, I CAN...

Completing third and fourth year of medical school in the Permian Basin creates financial challenges because of the high cost of living here. These funds will also be helpful in my upcoming moving costs associated with my next step, residency training. Thank you for assisting me financially as I chase my dream of being a physician.

WHY I CHOSE TTUHSC...

I chose to attend TTUHSC after completing undergraduate education at TTTU because of my ties with West Texas and desire to settle in this area. Their emphasis on community health and primary care align with my values. I also have loved the School of Medicine at TTUHSC because of the collegial environment; everyone just feels like family and wants to see each other succeed!

Thank you so much for providing me with this scholarship to help with the costs of attending medical school. I plan to become an OBGYN and then continue into a fellowship in reproductive endocrinology.
