SCHOOL OF MEDICINE

BECAUSE YOU GAVE...

Thank you for the donation, truly. I will focus most of the donation on enhancing my medical education. As an upcoming Md Ph.D., having more knowledge in medicine will allow me to achieve my goals to help as many people as possible. Knowledge is power, and through your support, I will expand my horizons and establish new frontiers for myself in medicine. Thank you.

WITH YOUR SUPPORT, I CAN...

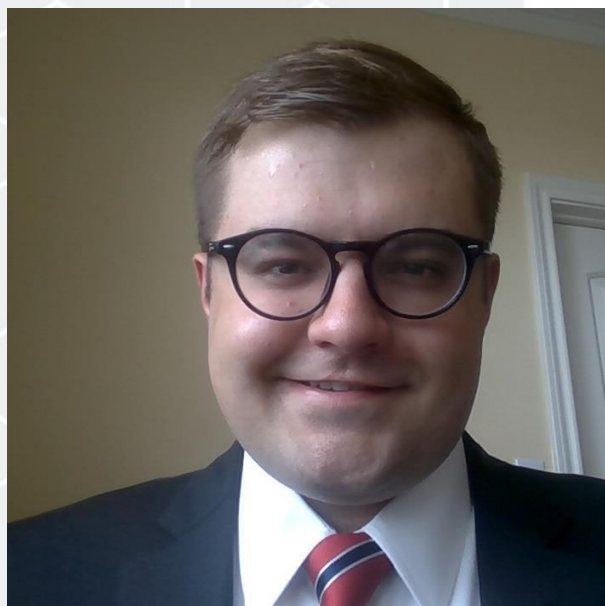

These funds will assist me in obtaining extra resources to help support my academic interests. I plan on allocating the funds towards services that will help supplement my medical education, specifically Boards and Beyond™ and Amboss Medical Knowledge services. With the planned changes coming to the STEP1 exam, having these resources will help achieve my academic goal by providing fresh perspectives and approaches to the ever-changing field of medicine.

WHY I CHOSE TTUHSC...

My decision for choosing TTUHSC was a fairly straightforward decision and a pleasant surprise. What I aimed for in a school was a student-focused environment, with a substantial community from both the professors and the students. The aim was for a stress-free location where I can focus on my studies and to excel on the board exams and become the physician I desired to be. TTUHSC blew away my expectations for such an environment. I felt like I was home the moment I entered the campus on interview day, and the feeling has persisted even to this day.

BECAUSE YOU GAVE...

Thank you so much for providing for my scholarship. I really appreciate the extra ability you have given me to focus on my studies and learn how to be the best doctor I can be.

WITH YOUR SUPPORT, I CAN...

This scholarship will take off some of the burden of paying for tuition and rent over the following year of school. It will be easier to focus on classes and what I need to know to be a good physician while knowing that I have less debt to worry about at the end of school.

WHY I CHOSE TTUHSC...

I chose TTUHSC because of its reputation in family medicine and because of its high student satisfaction ratings and collaborative atmosphere. I always knew I wanted to be a family physician so I could build lasting relationships with my patients and be their first line of defense. I also look forward to the opportunity to work in an environment where my peers and I can work together to do the most good for our patients.

BECAUSE YOU GAVE...

Thank you so much for your generous donation! I will work hard to make sure this scholarship means as much to the school as it means to me. I hope to pay it back someday in the future.

WITH YOUR SUPPORT, I CAN...

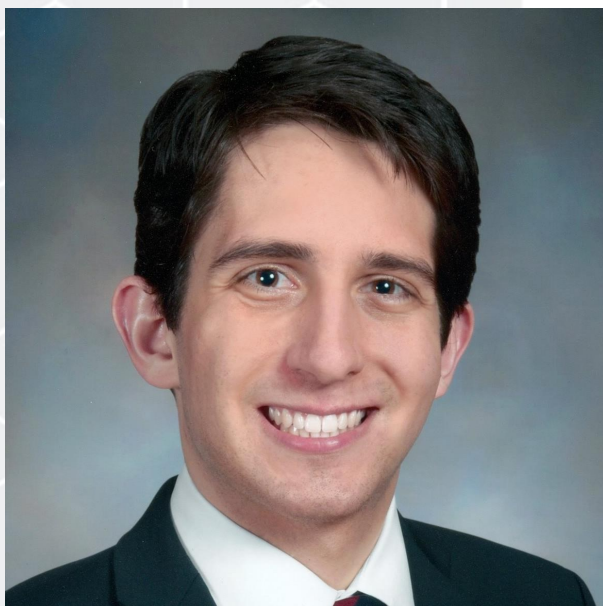

This scholarship will help relieve some of the financial burden that comes with the rewarding, yet expensive career in medicine. I cannot thank you enough for your support.

WHY I CHOSE TTUHSC...

During my interview, I saw that the students and faculty are like family. The students really get along with each other and the faculty was always available and helpful to the students. TTUHSC is also pretty close to home (Abilene), and I felt staying closer to home the next four years would be my best option.

SCHOOL OF MEDICINE

BECAUSE YOU GAVE...

I would like to thank Dr. Mitemmeyer for establishing a scholarship for medical students. It will be very helpful in relieving the financial burden of paying for my education, and I look forward to learning at TTUHSC.

WITH YOUR SUPPORT, I CAN...

The scholarship will help me in my education as I will have to support myself through school for the most part, and I very much appreciate the financial support the scholarship provides. I cannot say thank you enough for your support.

WHY I CHOSE TTUHSC...

I chose TTUHSC because I liked the school's atmosphere and student body as well as its reputation and role in the West Texas community. I have thoroughly enjoyed my time at TTUHSC, and know I made the right choice.
