BECAUSE YOU GAVE...

Thanks you for your generosity and this scholarship. Your support has helped to alleviate some of the stress of med school. With this scholarship, I won't have to worry about my finances as much and can focus more on my studies.

WITH YOUR SUPPORT, I CAN...

It will help to offset the cost of living in the Permian-Basin. It is very expensive to live here so any funds to help offset that cost are greatly appreciated.

WHY I CHOSE TTUHSC...

I chose TTUHSC because I'm from Lubbock and all of West Texas. I love the community that TTUHSC serves and the people that work there are very welcoming and excited to teach. I knew I would be more than just another student coming here.

BECAUSE YOU GAVE...

I came to this country as a international student. At that time, I didn't have access to financial assistance and most of the scholarships offered. My parents had to work very hard for me to get an education in a foreign country. Having been alone here for a long time, it always means a lot to receive any kind of help. It will definitely help me reach my goal, and help the community by being a great doctor.

WITH YOUR SUPPORT, I CAN...

I will use the scholarship to finance the extra expenses that I have to make in Odessa. It will help me pay for a decent apartment and afford food and gas. In addition, I am planning to fix my car so I won't have to rent a rental car each time I drive to visit my family.

WHY I CHOSE TTUHSC...

I chose TTUHSC because I wanted to stay in Texas, and I felt very welcomed on interview day. The students I met that day were all very friendly and looked happy. The school had a good reputation and I thought the curriculum would prepare me well to be a good doctor.

BECAUSE YOU GAVE...

Thank you so much for choosing to invest in the medical education of students like me. This long, difficult, and rewarding road is made so much easier with the support that y'all provide for us.

WITH YOUR SUPPORT, I CAN...

This scholarship will provide substantial support and peace of mind while making the transition from the Lubbock to the Permian Basin campus. With the high cost of living in the Permian Basin along with the stress of moving, it is a huge relief to have one less thing to worry about.

WHY I CHOSE TTUHSC...

The unique culture within TTUHSC of community and cooperation were unlike anywhere that I had interviewed with prior. I believe that the practice of medicine requires synergy between clinical knowledge and a positive interpersonal environment in order to truly provide the patients with the care they need.

BECAUSE YOU GAVE...

Thank you so much for your donations toward my education. I hope to upon completing my training, give back to the community as you have to me through both service and support for future students. Education and living costs increased for my third year of medical school and any amount of help was valuable in relieving financial stressors during this year.

WITH YOUR SUPPORT, I CAN...

The scholarships will help me with the upcoming exam fees for this school year, in addition to the increased living costs of being at the Permian Basin TTUHSC campus. I cannot thank you enough for assisting me financially as I chase my dreams of becoming a physician.

WHY I CHOSE TTUHSC...

I chose TTUHSC because of the warm and welcoming environment shared with me during the interviews. In particular, the students at the school seemed happy and described their relationships with one another as collaborative and friendly as opposed to competitive. I felt the environment would help foster kindness in addition to being a strong learning environment.
