

## **NIMRA PASHA** **SCHOOL OF MEDICINE**

### **BECAUSE YOU GAVE...**

Thank you very much. As someone who has supported herself through an undergraduate degree and now a medical school degree, I value every small contribution given to me. I am very grateful for your gift and can not thank you enough. I hope one day I can pay this gift forward to another student.

### **WITH YOUR SUPPORT, I CAN...**

This scholarship will help support me through medical school. I am very grateful for this gift. It will make my financial burden a little bit easier to handle. I will be able to attend school without worrying about my financial obligations as much.

### **WHY I CHOSE TTUHSC...**

TTUHSC provides a comfortable atmosphere full of physicians, researchers, professors, faculty, and staff whom hold student education as a high priority. I wanted to be a humanistic doctor and never forget the medically underserved on my journey to become a physician. I saw that many physicians at TTUHSC were exactly they type of physicians I want to be in the future.
