#### **BECAUSE YOU GAVE...**

I want to express my appreciation and gratitude for your donation. I assure you that I will not let your donation go to waste and will maximize my opportunity here at TTUHSC. I hope to pay it forward in the future as you have done for me.

#### **WITH YOUR SUPPORT, I CAN...**

This scholarship will benefit me by making it easier to pay off the loans I will be taking while I am in medical school. This will allow me to take my mind off of paying back loans and focus solely on my academics.

#### **WHY I CHOSE TTUHSC...**

I chose TTUHSC for a variety of reasons. TTUHSC has an established program that is well regarded by many. From my interview day and orientation, I am confident that this program will train me to be best physician I can be. TTUHSC also has a supportive faculty that puts a priority on catering to the wellness of their students. Lastly, TTUHSC has made their program much more affordable relative to other medical programs.
