SCHOOL OF MEDICINE

BECAUSE YOU GAVE...

I really appreciate your generosity. Because of donors like you, TTUHSC is one of the best schools in the nation for student support. You are making it possible for me to chase my dreams.

WITH YOUR SUPPORT, I CAN...

This scholarship will help me by decreasing my loan burden, as well as pay towards interview costs so that I may be able to obtain a residency after this year. I cannot thank you enough for taking some of the financial burden of medical school off my shoulders.

WHY I CHOSE TTUHSC...

As soon as I visited TTUHSC, I knew it was the school for me.. I really appreciate everything that TTUHSC has given to me and all of the available opportunities to grow as a person and future physician.

BECAUSE YOU GAVE...

Words cannot describe the gratitude I have for being selected as a recipient for this scholarship for the upcoming academic year, which would not have been possible without your generous donation. I was beyond ecstatic when I received my notification and am deeply appreciative of your support. I have just finished the second and third parts of my U.S. medical licensing examinations and am beginning my last year of medical school. I am excited for what the next year will bring.

WITH YOUR SUPPORT, I CAN...

My family has faced financial adversity throughout my life, and I grew up watching my mother battle with her own educational and personal debts. I am trying to accumulate as little debt as possible while attaining my doctoral degree in hopes of breaking the financial cycle my family has continuously faced. This scholarship will directly lower my loan amounts for this year, so that I can hopefully achieve my goal of graduating with less than \$100,000 in student loans. Through the help of this scholarship, I am allowed to focus on my education.

WHY I CHOSE TTUHSC...

What makes TTUHSC stand apart from all of the other medical schools I interviewed at is the people. From the faculty and staff, to the Dean's Ambassadors, to the people of Lubbock, everyone here has a friendly smile and wants to help you succeed. This type of supportive environment has a drastic impact on the success of our students, and I would not be where I am today without the invaluable guidance from my previous mentors. I am proud to be a part of this amazing medical school.
