SCHOOL OF NURSING

BECAUSE YOU GAVE...

To all the donors that provide assistance to college students trying to enhance their education and future, Thank for your generosity!

WITH YOUR SUPPORT, I CAN...

I value the financial help these scholarships provide throughout the summer of 2019. The financial help will give me more freedom to focus on my school work and reduce my time working at the hospital. My priority is nursing school and I want to be as successful as I can be.

WHY I CHOSE TTUHSC...

I choose Texas Tech Health science center (TTUHSC) as my school for my nursing degree because I previously attended Texas Tech (TTU) main campus. While I attended the main campus, I really valued TTU school network and what it means To be a Red Raider. TTUHSC Nursing school is currently number 1 in the state compared to all the big schools. I also would like to possibly work a few years in Lubbock after I graduate.

JAYD-BAILEY BYARS SCHOOL OF NURSING

BECAUSE YOU GAVE...

I would like to personally thank you for your generosity. I am in my second semester at TTUHSC Nursing School and have only become a stronger individual in every aspect of life, from student nurse to communication skills. Nursing school is far from easy however, I really am joyed from your support system here. I hope in the future I can be in a position where I can give back and help students in my current student position. Thank you again for your fund and willingness to give me the opportunity to be successful.

WITH YOUR SUPPORT, I CAN...

Although my mother is emotionally supportive she is not financially supportive. I will be using these scholarship funds to pay towards my tuition. This money allows me to focus solely on my education instead of being forced to work and pay for my tuition and/or loans. I am able to keep a low tuition so I can limit my student loans towards tuition and have less worry on how I will pay my bills while trying to succeed in school.

WHY I CHOSE TTUHSC...

Although Lubbock being far from home, I constantly saw it being recognized on the news and internet. I always dreamed of going to such a recognized school, however I never thought a dream would become a reality. I visited and saw the simulation center and how the students were neat and were expected a lot. I feel as if a student is pushed to such high standards it will only make you a better nurse in your career. TTUHSC is special to me due to being a dream university, from telling people I'd go to this school to actually attending.
