

REBECCA CLARK

SCHOOL OF NURSING

BECAUSE YOU GAVE...

I sincerely thank you. I have been the sole person responsible for my education since I started college. Your kindness and generosity brought tears to my eyes. I take this to heart and I want you to know that your support will be used with great reverence and perseverance. Thank you again.

WITH YOUR SUPPORT, I CAN...

I am very humbled by this award. This award will help in funding my DNP education. This will allow me not to have to use savings or financial aid and this is huge for me. I'm grateful beyond measure and feel it a privilege to have received this scholarship. We have been hit with extreme plumbing issues in the new home we bought and must re-plumb the whole home. I understand life happens, but this scholarship couldn't have come at a better time as my family is currently struggling financially. Thank you so much for your generosity.

WHY I CHOSE TTUHSC...

I grew up in West Texas and since I was young, TTUHSC has had a reputation of being the best. Working here and working with alumni of this program, I have witnessed first hand the caliber of graduates TTUHSC produces, and I desired to be a product of such a great school. In working here I have found more than a career, but a family, and I am excited to be on my journey to be an alumni of this great school.
